Photographs
 Does your wife know how to be photographed? That is, having her picture taken by the snapshot method. Or by a news photographer? She should know which side of her face to present to the camera. It is said painters usually paint a woman's face from the left because all that is gentle and feminine in the human visage is expressed on the left. One of the minor tragedies in a woman's life is having published a photograph which does not do her justice. That will lessen her chances of being moved to tears when she sees published a photograph that makes her appear older or less beautiful than she really is.

Get It Right
 Who was Fred Astaire's first dancing partner? That's a trick question. Think it over and get it right or it will cause you to lose sleep. Some answer that it was Joan Crawford, others say Claire Luce. Still others say Ginger Rogers. They all forget it was none other than Adele Astaire, Fred's sister.

Passing By
 Don Miller. Once of that celebrated Notre Dame backfield known as "The Four Horsemen". Don is now a highly successful lawyer in Cleveland. He is still a quick thinker. An opposing lawyer asked one of Don's clients, "How many times have you been arrested?" Miller, objecting, said the question should be, "How many times have you been convicted?" How right he was! Many an innocent man has been arrested and certainly unless convicted it should not be held against him. Incidentally, Don's objection was sustained.

Bride Protests
 Pat Gaston, the 10th bride of the whimsical millionaire Tom Manville, keeps insisting she didn't marry for money. I believe her. Pat is six feet, one inch, in height. Was 27 years old when she became a bride. It was her first marriage. Very tall girls who reach the age of 27 unmarried are likely to be a little desperate. I believe Miss Gaston married Mr. Manville chiefly because she wanted to get married. I have known some of the previous Mrs. Manvilles. They described Tom as a generous, kind and considerate fellow. They liked him. It seems that in many of his marriages it was Manville who wanted the divorce. His first marriage took place 46 years ago. That was to Florence Hu-

ber. That marriage lasted 11 years.

Former Medford Man Gets Admiral Rank
 Pensacola, Fla.—Captain Almon E. Loomis, chief of naval air basic training at Pensacola, Fla., received the rank of rear admiral at ceremonies here June 14.
 Loomis has been serving as chief at Pensacola since August, 1956. He was born in Fargo, N. D., on Oct. 1, 1896. He attended Long Beach, Calif., High school.
 He received his appointment to the Naval academy in 1925. As a midshipman he was a member of the rifle and fencing teams. He was graduated and commissioned an ensign on June 8, 1929, and subsequently advanced in rank until he received the two stars and shoulder boards of rear admiral last week.
 Libra (Sept. 23-Oct. 22) girls should never be kissed on the first date. Wait for the second Scapio (Oct. 23-Nov. 22) females should always be kissed on the first date. If no attempt is made to kiss her on a date, a Scorpion fears she is losing her sex appeal. Or, so say the stargazers.
