

Police Department Receives New Order On Juvenile Cases

A new general order governing procedures involving juveniles has been issued to the Medford police department by chief Charles Champlin.

The order is a revision of the previous order issued Oct. 7, 1955, and "brings things up to date," Champlin said. Most of the policies specified have been in practice for some time, and are merely formalized in the order.

Champlin said the latest order

was made up partly in anticipation of the increasing number of juvenile cases to be handled in municipal court, due to the recent city ordinance which gave a complete coverage of liquor law violations.

Policies Outlined
Specific policies outlined in the order are:

1. The term "juveniles" refers to persons up to and including 17 years of age.

2. Persons 18 years of age and over will be considered as adults.

3. No juvenile under the age of 14 will be placed in jail.

4. No arrest report will be made on any juvenile under the age of 14.

5. When any juvenile 14 years of age or over is arrested an arrest report will be made.

6. If the platoon lieutenant or sergeant or other supervisory personnel believe that an arrested juvenile 14 years of age or over should not be held in detention, he is hereby authorized to release said juvenile to the parent, guardian or other responsible persons.

Release Procedure
7. When a juvenile is released, the release should be accomplished by notifying the person who is to be responsible for the juvenile, to take custody of the juvenile at the police department. If this cannot be done, officers will transport the juvenile to the home of the person responsible.

8. If it is believed necessary to detain the juvenile either in the county detention home or the county jail, the Jackson county juvenile department will be contacted for authorization to do so.

9. When any juvenile is arrested or questioned his or her parent or guardian will be notified as soon as practicable.

10. A copy of all case reports in which juveniles are involved will be furnished to the Jackson county juvenile department.

Reports to Schools
11. A copy of all case reports in which juveniles are involved will be furnished to the superintendent of Medford public schools if the juvenile is currently a student in any of the Medford public schools.

12. Persons responsible for a juvenile will be advised that reports will be furnished to the Jackson county juvenile department and that said department may or may not take further action in the case.

13. Juveniles will be permitted the use of the telephone when they request it.

14. Juveniles will not be handcuffed unless it is considered necessary by the officer for protective reasons.

15. In cases in which juveniles are involved, officers reports and statements will be prepared in five copies.

Yreka Planing Mill Destroyed by Fire

Yreka — Fire of undetermined origin destroyed the Siskiyou Planing mill on Oberlin rd., south of Yreka, shortly after 4 a.m. Thursday.

Unofficial sources have estimated value of the plant at more than \$50,000, excluding two pickup trucks and other equipment which were gutted.

City firemen were notified of the blaze about 4:10 a.m., but the entire plant was engulfed in flames before they arrived. State firefighters were not notified until more than 15 minutes after the fire started.

Officials said stacks of lumber surrounding the establishment were all that was saved. A boxcar of lumber at the siding was still burning several hours after the mill fire was extinguished.

Although origin of the fire was not determined, one observer reported it appeared to have started in the electrical box section. Time of the fire was fixed at 4:08 a.m., when an electric clock on the premises stopped.

Owners of the plant, Hank Jensen and C. A. Wigley, both of Yreka, declined to state estimated loss or indicate whether or not the mill would be rebuilt. The plant, which employed 14 men, was not insured. It was built late in 1945 and had been owned by Jensen and Wigley for the past 10 years.

Health Association Schedules TV Film

"The Revolving Door," a film on alcoholism, will be presented Sunday, June 23, at 2 p.m. on station KBES-TV.

This is the regular bi-weekly presentation by the Jackson County Public Health association, and is one of the public services performed by the Christmas seal organization. The film is narrated by Ben Grauer and shows various aspects of effects of alcoholism.
