Age and sex are no barriers to cool comfort in dress this Summer; there are designs for all. Familiar cotton, woven imaginatively into many fabrics and treated by science's latest wonders, gives us wrinkle-shedding garments (Mom, especially, will like this feature) and some which are water-repellent. Laundering and ironing, where needed, are easy.

On the dressy side, little details add interest. And the males, both young and old, are treated to casual dignity—proving that it's possible for a man to be both comfortable and well-dressed.
