PCC Group To Discuss Realignment

Los Angeles—Directors of the Pacific Coast League have named a committee to meet with major league officials and explore the realignment of the coast loop in the event its Los Angeles and San Francisco franchises are drafted by the Brooklyn Dodgers and the New York Giants.

The PCL directors met Tuesday and selected a group to call on Commissioner Ford Frick, President Warren Giles of the National league and representatives of the Dodgers and Giants.

"We can't just sit around and be left waiting on Oct. 1 if Walter O'Malley makes announcement that Brooklyn is drafting the Los Angeles territory," PCL President Leslie O'Connor told the press following the closed meeting.

O'Connor said the league directors discussed tentatively the indemnities the coast league would want if the major league clubs moved into the big cities. He said it was also proposed that a third major league be formed or enlarging the present two major leagues to 12 to 16 teams divided into two divisions.

The league president said that General Manager Joe Ziegler of the Portland Beavers was named chairman of the special committee. O'Connor said he would meet with Frick July 10 at St. Louis to discuss possible realignment of minor league clubs and that he hoped that the PCL committee would be able to accomplish its mission at the same time.

O'Connor recently testified before a congressional subcommittee investigating baseball that if major league baseball comes to the West coast it would eliminate five clubs from the coast league—Los Angeles, San Francisco, Hollywood, San Diego and Sacramento.

Helfand Suggests Boycott To Block Rademacher Tiff

New York—Julius Helfand suggested today that the National Boxing association expel and boycott the Washington State Athletic commission if it permits the Floyd Patterson-Peter Rademacher heavyweight championship fight.

Charles P. Larson, chairman of the Washington commission, has announced approval of the Patterson-Rademacher fight for Aug. 22 at Seattle.

That approval caused Helfand's announcement today of a letter to Floyd Stevens, president of the National Boxing association. Helfand, chairman of the New York State Athletic commission and president of the World Championship Boxing committee, said in his letter:

"It would seem to me that the NBA should immediately notify the Washington commission that if it permits this contest to be held in defiance of your order that it should be expelled as a member of the NBA.

"I believe, too, that they should be warned that in addition to expulsion, that the NBA would issue an order prohibiting all NBA boxers from competing in the state of Washington," Helfand wrote.

The proposed fight evoked protests among boxing people because Rademacher has had no professional fights.
