

Three Accidents Reported to Police In Area Yesterday

Three accidents, all involving pickup trucks, were reported by state police here yesterday. No one was seriously injured.

Mrs. Lee Ella Bennett, 19, Portland, was taken to Rogue Valley hospital by Medford Ambulance service after the car in which she was riding collided with a pickup on the Diamond Lake highway about 13 miles north of Highway 62 junction, at 8:30 a.m. yesterday.

Mrs. Bennett was released from the hospital after observation. State police said a pickup, driven by Elvis Clark Arnold, 46, of route 1, box 582, Central Point, was northbound on Highway 230 when it slowed to turn into the Muir covek camp ground. A car, operated by Allen Lee Bennett, Portland, also headed north on the highway, failed to slow down, hitting the pickup from the rear, police said.

At 1:50 p.m. yesterday state police were called to the scene of a one-vehicle accident on Highway 62 about 10 miles north of Prospect. A pickup loaded with berries, driven by Claude Guy King, 63, of Grants Pass, rolled onto its side in a roadside ditch.

Officers said King was traveling north when a rear tire blew. "The driver applied the brakes, jacking the wheels. The pickup swerved to the right shoulder, then back across the road, finally turning over in the left ditch. King was not injured.

About 10:30 p.m. yesterday a pickup truck and a car were involved in an accident on Valley View rd., south of Ashland. Dayton Kingsberry, 56, of Varner, was cited for following too close when the car he was driving ran into the back of a pickup driven by Chester Samuel Kingney, 18, of Oak Ridge. A passenger in the auto received a slight head injury, state police said.

Both cars were headed south on Valley View when the Kingsney pickup stopped in the long line of cars leaving the race track. The car failed to stop in time to avoid the accident, police said.

Records of Oregon Veteran Loans Broken

Salem—All records under the Oregon veterans' farm and home loan program were broken in June when the Department of Veterans Affairs loaned \$4,768,550 to 486 ex-servicemen of World War II and Korea.

Because of the unexpected heavy demand for state loans since April 10, when the new higher maximum loan amounts became law, lending under the program may be sharply curtailed within the next few months, according to H. C. Saalfeld, director of veterans affairs.

The reason for the impending shortage of loan funds, Saalfeld explained, is that the state constitution limits the amount of bonds that may be outstanding for the purpose of obtaining loan funds, to four per cent of the state's assessed valuation.

In other words, the department can only issue bonds up to 81 million dollars, and this limit will be reached July 29 when 15 million dollars of bonds go on the market.

Man's Love for Girl Gets Attention Only From Judge

Birmingham, England — Richard Crompton, 26, admitted today he will do almost anything to attract the attention of his lady love.

Opening an account at a Birmingham bank last year, Crompton found her "rather fancied" the pretty girl behind the coun-

Woman, 51, Literally Scalped by Propellor

Crockett, Calif. — A San Francisco woman was literally scalped Thursday when her long black hair became entangled in the propellor of a power boat.

The accident took place Thursday as Henry Galbraith was backing his 30-foot boat, Scapia, out of Dowdell's Yacht Harbor.

His wife, Lucretia, 51, loosened some floorboards to check the bilge pumps. Her hair, which reached to her hips, caught in the whirling propellor shaft.

Galbraith shut off the motor, but by then it had pulled away much of her hair. It took him 10 minutes to extricate her.

He rushed her to Brookside Hospital in San Pablo where she underwent delicate surgery to repair the injury. Doctors said she would recover.

Malheur Rancher On Livestock Board

Salem — Tom McElroy Jr., Malheur county cattle rancher who was last year's Oregon cattleman of the year, was appointed today by Gov. Robert D. Holmes to the State Livestock Advisory committee.

McElroy, who has been in the livestock business since 1925, succeeds George Russell, who resigned. Both McElroy and Russell are residents of Vale. Russell's term would have expired March 31, 1938.

The new board member is a Democrat and has been a resident of Oregon since 1910. He will represent the Oregon Cattleman's association on the five-member committee.

NEWSPAPER CLOSED

Amity, Ore. — Publisher Francyl Howard has announced the closure of the Amity Standard, pioneer newspaper here. The newspaper was started in 1892.

Check Cattle Feed Supply, Agent Says

Hungry heifers on hill pastures are apt to grow into poor producers, according to Earle Jossy, county agriculture agent.

Skimping on feed for the future herd can result in lower production for the entire life of the cows, he pointed out. July is a good month to round up replacement heifers and look them over for condition. If they are thin and appear unthrifty, see that they get more feed, Jossy advised.

Heifers will do well on good pasture, but if the pasture becomes short they should be provided with about two pounds per day of grain. This would be satisfactory up to three months of freshening.

During the last three months before freshening, the heifers should receive a feeding of three or four pounds of grain daily. Growing heifers have a great need for minerals. A mixture of ground limestone, steamed bone meal and salt in equal parts should be available at all times.

"It goes without saying that plenty of clean water is a necessity for growing heifers. A little time and expense used in raising healthy heifers will be returned many times over when these come into production," Jossy added.

THEY MEET

Canton, Conn. — East met West here when Lucy Humphrey of Canton, Conn., wed William Wong of Canton, China.

Japanese Girl, Girard Married

Camp Whittington, Japan — Army Specialist 3C William S. Girard and Haru (Candy) Sueyama, wearing a rented red kimono, were married today in a quiet Methodist ceremony with a military policeman standing by as best man.

The MP's presence in the white clapboard base chapel during the religious wedding services was a grim reminder to the 21-year-old Ottawa, Ill., soldier and his 29-year-old Japanese bride of the shadow hanging over their marriage. A unit of MPs stood outside.

Girard is accused of fatally shooting a Japanese woman metal scavenger. The question of whether he will be tried by a Japanese or American court has touched off an international furor. The U.S. Supreme Court will hear arguments Monday on the U.S. government's appeal against a federal court ruling barring trial by a foreign court.

NO REMEDY
Buffalo, N. Y. — As a spring tonic, sulphur-and-molasses doesn't work any better than it tastes, report researchers of the Aner Co. Nor is there anything to the belief that winter thins out blood, which can be restored by a strong sulphur-molasses dosage.

FISH 'N' CHIPS

Actress Elizabeth Taylor, wife of Producer Mike Todd, eats fish and chips from a newspaper cone during Todd's \$50,000-plus party in London to celebrate the British premiere of his film, "Around the World in 80 Days." It was London's biggest blowout since the Coronation.

EXPRESS MAN DIES

Tenafly, N. J. — James F. Ross, assistant vice president for operations of the Railways Express Agency, died Wednesday.

Hells Canyon Area Schools Get Help

Baker — Two Oregon schools along the Hells Canyon reach of the Snake river today learned they will receive federal allocations to expand facilities needed by children of construction workers on Brownlee dam.

Halfway school will get \$16,950 to help prepare for the influx of children now living in the canyon and Richland school will get \$39,945. Several families are expected to be stationed permanently at the Brownlee and Oxbow damsites after the Idaho Power projects are completed.

BENEFACTOR DIES

Houston — Hugh Roy Cullen, oil rich benefactor of the University of Houston and other philanthropies, died Thursday night of cancer. He was 76.
