

READY FOR FLIGHT INTO OUTER SPACE—Final preparations are made during pre-dawn hours at Patrick Air Force Base, Fla., for the X-17's journey into the ionosphere. The four-story high missile, powered by solid propellants, has proven extremely reliable over a large number of flights. The Defense Department revealed that the X-17 has reached the highest speed ever achieved by an instrumented vehicle. These missiles are probing the heat barrier which would be encountered by long-range missiles re-entering the earth's atmosphere from space.

Funeral Saturday For Young Actress Killed in Collision

Laramie, Wyo. — The body of actress Judy Tyler, whose brilliant Broadway career ended tragically in an automobile accident Wednesday, will be returned to her parents in Ridgefield, Conn., Saturday for burial. Singer Elvis Presley, who had just completed the lead role opposite the 24-year-old brown-eyed actress in a new movie, was heart broken when he learned of her death Thursday. "All of us boys really loved that girl," Presley said at his home in Memphis, Tenn. "She meant a lot to all of us. I don't believe I can stand to see that movie we made together now, just don't believe I can. Husband Also Killed" Miss Tyler and her husband of only four months, Gregory Lafayette, were killed at 5:50 p.m., on Wednesday when their automobile collided with another just north of Rock River, Wyo., on U.S. 30. They were returning to their New York home for a vacation as Miss Tyler had just completed the movie, "Jailhouse Rock," with Presley in Hollywood. Miss Tyler, a black-haired beauty, was killed instantly in the grinding head-on collision. Her body was torn in half. Lafayette, 24, a television actor from Hopewell Junction, N. Y., died early on Thursday in a Laramie hospital of a broken back and internal injuries.

Phoenix 4-H Prefair Scheduled Saturday

The Phoenix 4-H community prefair will start at 10 a.m. Saturday at the community hall. Beef showing will be from 10 to 11 a.m.; dairy showing 11 a.m. to noon; sheep showing 1 to 2 p.m.; and swine, 2 to 3 p.m. Home economics projects will also be exhibited at the prefair. Jack Dube, Phoenix vocational agriculture instructor, will be judge for the event. Lunch will be available on the community club grounds.

Showdown Battle Imminent in Cuba

Santiago De Cuba — Reports here today indicated a showdown battle may be imminent between government troops and rebel forces in the Sierra Mae tra Vounoainz. There were reports of heavy troop movements on Palma Soriano, 18 miles northwest of Santiago. Other reports told of the sudden "disappearance" of "numerous" Cubans and there was speculation they had joined the rebels headed by Fidel Castro. Authorities in the rebel-ridden mountains in southeast Cuba were said to have already taken special measures in anticipation of a major clash. **462 Major Business Mergers in Six Months** Washington — Some 462 major business mergers were reported in the first six months of this year, four less than in the same period last year. The Federal Trade Commission made the tabulation to determine the trend in mergers. **PLANT DESIGNER DIES** Boston — Joseph R. Minevitch, designer of modern chemical plants, died Wednesday of a heart attack at the age of 65.

Russia Challenged To Promote Stability

Washington — The United States today challenged Russia to follow its Kremlin shakeup with "practical measures . . . to promote peace and stability" in the world. The State Department, commenting on the recent Kremlin upheaval, listed disarmament, reunification of Germany, and the Middle East as areas in which the Soviet Union could take "practical measures" for easing East-West tensions. Officially, the department adopted a wait and see attitude on how the ouster of oldline Stalinists from the Communist party hierarchy will have an impact, if any, on foreign policy. "What this will add up to remains to be seen," Department Press Officer Lincoln White told a news conference. "The proof of the pudding is in the eating."

Woodworkers Slated To Strike in Canada

Vancouver, B.C. — An estimated 34,000 wood workers were scheduled to go on strike today following a breakdown of negotiations between union and company officials. Last minute talks called by British Columbia Premier W. A. C. Bennett in an effort to avert the strike failed. The walkout was approved by 90 per cent of the woodworkers in an earlier vote. The lumber mill operators, who said they could not afford a 20 per cent wage increase as demanded by the International Woodworkers of America, made a final offer of five per cent retroactive to June 15. The average wage in the industry last year was \$2 per hour.

Passenger Travel on West Coast Increases

Nearly 15 per cent more passengers boarded West Coast Airlines planes during the first six months of 1957 than for the same period last year, company officials have announced. The company serves Medford. Seventeen of the past 18 months have set new passenger records for the company's 10 1/2 year history. A new all-time mark in passengers carried for any month was set in June at 23,925, breaking the previous single month's record of 22,410 in August, 1956. This amounted to a system-wide average of nearly 800 per day.

Mother of Kidnaped Infant Said Expecting

Westbury, N.Y. — Mrs. Beatrice Weinberger, whose infant son, Peter, was kidnaped and left to die on a roadside one year ago, is expecting another child. Mrs. Weinberger and her husband, Morris, have one other child Lewis, 3. Angelo LaMarca, confessed kidnaper of one-month old Peter, is scheduled to die in the electric chair at Sing Sing prison the week of Aug. 19.
