Arthritis

Hundreds of people want to know what they can do for arthritis. First, they should know what type of arthritis they have. Some may have only some fibrositis, which is a mild sort of younger brother of arthritis. It does not deformity of the joints. Spells of it tend to keep coming and going at intervals all through life. I have had it ever since I was seven years old, and still none of my joints are deformed in the slightest. This is in spite of the fact that, sometimes for months on end, I have been unable to close my hand.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name *Preparation H*. At your druggist. Money back guarantee. *Reg. U. S. Pat. Off.
