Back Stairs: Oyster Harbors Vacation?

By **PATRICIA WIGGINS**
Washington—Back stairs at the White House:

Although Cape Cod's Oyster Harbors has been ruled out in favor of Coaster's Harbor Island off Newport, R. I., for the President's vacation, Eisenhower still is likely to visit there "if and when" his work-play holiday begins.

A second reason is that ex-

sive Oyster Harbors boasts what has been described as the best golf course in New England.

The White House has made no secret of the fact that golf was one of the over-riding considerations in the President's vacation spot selection. The Newport golf course and the Navy base communication facilities at Coaster's Harbor were deciding factors in selecting the Rhode Island site.

The selection of the Newport site caused a blossoming of maps and literature in the White House press room. Newsmen, who will be quartered in a Newport hotel, were intrigued particularly by a section in Cleveland Army's "Last Resorts," a volume about the heyday days of Newport and other social watering spots.

Amory describes one Newport dinner given by society matron Mrs. O. H. P. Belmont. White sand was sprinkled down the center of the table and each guest was given a miniature bucket and shovel. At a given signal, all dug into the centerpiece, and found thousands of dollars worth of rubies, diamonds and other precious gems.

Mrs. Eisenhower is said to have had quite a bit to do with the President choosing a sea and sand vacation this year.

According to some sources, she put her foot down firmly on mountain spots or other sites where "roughing it" would be in order. Trout fishing in mountain streams is another presidential favorite.

She apparently won out on the seaside vs. mountain debate, an annual affair in millions of other American homes.

MILK

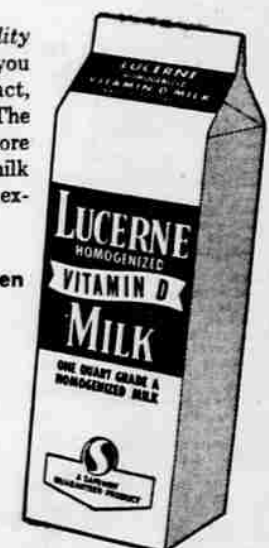

Lucerne is a better milk

. . . because Lucerne gives you a bonus in quality — a bonus in extra purity, extra richness and extra good flavor. (Farmers get a bonus, too — in extra money — for supplying superior quality milk to Lucerne.)

Lucerne is a better buy

. . . because the bonus quality you get in Lucerne costs you nothing extra — less, in fact, than home-delivered milk. (The Lucerne people can pay more and charge less for their milk because they never make expensive home-deliveries.)

So remember Lucerne when you come to **SAFEWAY**. Better your milk buy regularly — by getting Lucerne Bonus Quality Milk at Safeway. Get acquainted, too, with the many other fine dairy products that bear the Lucerne name.
