

Homework Getting Easier and Easier

St. Louis—Here are some of the highlights of reports to the convention of the American Home Economics Association:

New control panels on laundry equipment will puzzle the homemaker only for a short time, said Miss Rose White of the Corn Products Refining Co. The panels resemble the dashboards of automobiles, she said. But added automation will provide cold water washes and rinses, slower speed, shorter washing and spinning periods, slower tumbling in the dryer, and cold air tumbling.

She said automatic dispensers for laundry products are included in the equipment, and the new cleaners include fabric softeners, liquid detergents, cold water soaps, low and high sudsing detergents, more foolproof chlorine bleaches, and starches that are ready instantly.

Completely immersible electric appliances are a boon to homemakers. Miss Virginia Thibet, associate equipment editor of the American Home

magazine, said electrical connections of immersible appliances are confined to cords that plug in, so the appliance may be immersed in water for easier cleaning.

More kitchen appliances are being made to take on multi-purpose duties, she added. One is the mixer with knife sharpening and ice crushing attachments. Some appliances have one master control with panels that require 220-volt installation, but convert to 110-volt circuits. The homemaker can use several appliances at one time without overload.

Upside down refrigerators are a new trend, said Miss Jane Cornish of Good Housekeeping magazine. Top models now feature ice makers and ejectors, big crispers, rolling or revolving shelves, deeper door shelves, and all kinds of special compartments. The freezing compartments are on the bottom, and have package dispensers and pull-out bins or shelves.

Mrs. Clifford Eugene Hacker

Schmidt-Hacker Wedding Held In Pilgrim Holiness Church

Miss Caroline Rose Schmidt became the bride of Clifford Eugene Hacker in a ceremony held Sunday, June 30, at two o'clock in the afternoon at the Pilgrim Holiness church in Central Point. The Rev. William S. Deal, district superintendent of Pilgrim Holiness church, from Salem, officiated at the ceremony attended by 100 relatives and friends.

The bride is a daughter of Mr. and Mrs. Walter C. Schmidt, 2477 Biddle road, Medford. The bridegroom is a son of Mr. and Mrs. Thomas B. Hacker of Corona, Calif.

White lilies, pink gladiolus, and white daisies decorated the church for the ceremony. Mrs. Deal was soloist while Mrs. John Schriver played the traditional wedding music.

The bride, given in marriage by Mrs. Schmidt, wore a white brocade lace over taffeta frock in ballerina length. Her finger-tip length veil was held by a tiara of orange blossoms and she carried a white orchid on a white Bible.

Miss Elaine Cox attended the bride. She wore a pink embroidered taffeta frock and carried white daisies. Flower girls were Pamela Hayes and La Donna Lull. They wore identical dresses in aquamarine nylon. Candelights were Glenda and Iris Alexander.

Edwin J. Hayes served as best man and Carl Alexander and Oscar Willard acted as groomsmen. Following the ceremony a lawn reception was held at the church.

Mrs. Edwin Hayes cut and served the cake and Miss Betty Wilson and Mrs. R. G. Lull served.

The newlywed couple will make their home at 2414 Swing drive, El Monte, Calif., after July 14 when they return from a wedding trip to Glacier National Park. For her traveling attire the bride wore a navy blue suit.

The bride is a graduate of Medford High school and the bridegroom attended Corona High school. They are now attending college at Western Pilgrim college in El Monte.

Garnish a pumpkin chiffon pie in a crumb crust with a circle of whipped cream and sprinkle generously with toasted almond slivers.
