All-White Jury is Expected to Get Clinton Case Soon

Knoxville, Tenn. — An all-white jury from the hill country of Tennessee faces an unprecedented decision here Tuesday when defense and government attorneys present final arguments in the trial of 11 segregationists charged with hindering integration of Clinton, Tenn., High school.

The jury of ten men and two women will be asked to furnish an answer to one of the thorniest questions facing the South — how far the government can go to back up the Supreme Court's integration order.

The defense contends federal agencies cannot pick out faces in a crowd of integrationists and send those persons to jail and that the government has done little more than pick out the faces of the defendants in the Clinton trial.

Former Ashland Man Killed in Redding

Ashland — Samuel Waden Petty, 50, of Redding, Calif., was killed by a falling tree while logging about 35 miles west of Redding Friday. Petty had been a resident of Ashland for 10 years previous to June this year when he moved to California.

He was born Oct. 21 1906 in Harris, Ark., and was a member of the Ashland Grange. He is survived by his wife, Freda, a daughter, Jeanette, and two sons, Fleener and Larry all of Redding.

Funeral services will be held in Litwiller's Mountain View chapel here at 2 p.m. Monday, July 22. The Rev. Thomas Balch of Cavalry Baptist church will officiate. Interment will be in Mountain View cemetery.

Two Are Reported Arrested as Spys Working for U.S.

Warsaw — A former west German citizen has been arrested on charges of spying in Poland for the United States, security authorities announced Saturday.

It was the first such arrest announced here since "liberal" communist Wladyslaw Gomułka was installed as communist party chief last October.

Security officials at the ministry of the interior, who was a citizen of west Germany until his repatriation to Poland in 1956, was arrested "while trying to cross to west Berlin with the espionage material he had collected," including an "espionage report" written in invisible ink.

Security officials said Weszka established contact with "functionaries of the American intelligence service" in west Germany before he returned to his home in Poland.

Police Conduct Frankenstein Hunt

Chicago — Police conducted a nationwide search Saturday for a teen-age "Frankenstein" in connection with the slaying of three Chicago school-boys whose killer has never been found.

A Chicago police artist drew a sketch from descriptions given by a woman who saw a man annoying one of the slain boys in the Chicago Loop shortly before the murders. Copies of the sketch were mailed Friday to other law enforcement agencies in the country.

Robert Peterson, 13, John Schuessler, 13, and his brother Anton, 11, were killed two and a half years ago. Their naked and battered bodies were found in a forest preserve.

Terry Riley, Memphis, Tenn., said the sketch resembled the man he knew as "Frankenstein." Terry used to live in Chicago and said he and other

Philippine Army Starts Huk Drive

Manila — The Philippine Army Saturday threw 16 battalions of troops into an all-out, no quarter drive against dihard Communist Hukbong forces who ignored a government offer of general amnesty.

The massive offensive started after President Carlos P. Garcia refused to extend the 30-day grace period under which members of the Communist underground organization could surrender and escape the death sentence provided under the new anti-Communist law.

Extradition Sought For American Couple

Paris — Assistant U.S. Attorney General William F. Tompkins huddled Saturday with U.S. Embassy officials on his mission to obtain the extradition of an American couple accused of spying for Soviet Russia.

Tompkins met with U.S. Ambassador Amery Houghton and other embassy officials Saturday morning. It was his second meeting with the ambassador since his arrival by plane Friday.

Tompkins appeared optimistic after his meeting Friday with Houghton and officials of the French Foreign Ministry. He said he was "well received" and the talks were "extremely cordial."

The high-ranking U.S. Justice Department official flew here to persuade the French government to extradite George Zlatovskii, 47, Russian-born ex-officer of the U.S. Army, and Jane Foster Zlatovskii, 45, his American-born wife.

Male phalaropes do the house-keeping. The father bird not only selects a nesting site and builds the home, but hatches the eggs and rears the young. Females, after laying the eggs, go off in flocks by themselves.

Some 2,000,000 people visit the Lincoln Memorial in Washington, D. C. each year. No other national shrine or park attracts so large an audience, the National Geographic Society says.

Indian, Relatives Face Problem of Land Division Law

Washington — An Indian known about the reservation as Walking Many Arrows has a problem.

So have his 98 relatives who along with him inherited 116 acres of land near Ft. Randall Reservoir in South Dakota.

The problem is the palaeafes laws on division of Indian lands.

Sen. Francis Case (R-S.D.) said Saturday the land laws call for minute division of inherited Indian lands down to the last fraction.

So, when Walking Many Arrows and his relatives came into their inheritance the government divided it into lots of 1-54 trillionths of 116 acres.

Rough and Ready Bids Low on FS Timber

Grants Pass — The Rough and Ready Lumber company bought about 5,090,000 board feet of national forest timber in the Ramsey creek area south of Hayes hill Thursday.

The sale was held at the Grants Pass office of the Siskiyou national forest.

The appraised price was \$21.25 per thousand board feet for an estimated 4,200,000 board feet of Douglas fir; \$25.45 for 790,000 feet of Ponderosa pine; \$14.80 for 20,000 feet of Port Orford cedar, and \$6.45 for 80,000 feet of incense cedar and other species.

Rough and Ready bid \$21.35 on the Douglas fir, and the appraised price on all other types. Only other bidder was Cabax Lumber company.

Three Daughters Die In Sandy House Fire

American Falls, Idaho — Three persons died and two were seriously injured in a car-truck collision four miles east of here on U.S. Highway 30 North Friday afternoon.

Dead are James Boyd Lynch, 19, his mother, Mrs. Olive Mae Lynch, about 40, both of Prineville, Ore., and Mrs. A. M. Lynch, about 70, Anderson, Calif.

Seriously injured was Norman Elmo Lynch, 49, husband of Mrs. Olive Lynch, Robert H.

Eisenhower Appoints Committee To Study State Responsibilities

By MAUREEN GOTHLIN
United Press Correspondent

Washington — President Eisenhower took another step Saturday toward getting work started on a program for returning to the states some of the vast powers now exercised by the federal government.

He named a seven-man committee of federal officials, including three cabinet members, to work with a 10-member committee of state governors on the problem.

The committee of governors was named earlier by Illinois Gov. William G. Stratton, chairman of the executive committee of the national governors' conference.

Action Committee

Eisenhower said he hoped the study group — to be known as the joint federal-state action committee — will begin work "as soon as necessary arrangements have been made."

The president, an advocate of the states assuming more of the governmental responsibilities now centered in Washington, proposed creation of the joint committee June 24 at the governor's annual meeting at Williamsburg, Va.

He said Saturday the committee should:

- "Designate those functions which the states are ready and willing to assume and finance that are now performed or financed wholly or in part by the federal government.
- "Recommend the federal and state revenue adjustments required to enable the states to assume such functions.
- "Identify the functions and responsibilities likely to require state or federal attention in the future and to recommend the level of state effort, or federal effort, or both, that will be needed to assure effective action."

He suggested the group decide when the particular government activities should be reassumed by the states, the amounts by which federal taxes should be reduced as a result of such a step, and the amount by which

Newspaper Circulation Shows Large Increase

Chicago — Daily and Sunday newspaper circulation in the United States and Canada is up 2,070,811 copies over 1956 for an average issue total of 111,683,042 paid, the audit bureau of circulation said Saturday.

The report was based on a study of 2,398 newspapers. An earlier report, ABC said, giving the increase as 1,698,274 an average total as 111,310,505 was an error discovered after the figures were released to news media.

Americans brew more than 25 billion cups of tea each year.
