

Rooster Rock Park Dedication Scheduled

Portland — The Rooster Rock state park, located 23 miles east of here on the Columbia river highway, will be dedicated Thursday by Gov. Robert D. Holmes.

The park has 835 acres of land and extends east for 2.8 miles from Rooster Rock. It has parking for 420 automobiles, 50 picnic tables and many other facilities, including a boat basin 150-by-500 feet.

The park has grown in popularity in recent weeks.

TOO LATE TO CLASSIFY

Lumber Industry to Start Automation

Washington—About 300 of the nation's leading lumber manufacturers, retailers and other distributors plan to launch a program designed to bring about greater automation in the handling of lumber from the sawmill to the retail level.

Sponsoring the effort are the National Lumber Manufacturers association and National Retail Lumber Dealers association.

Mortimer B. Doyle, executive vice president of NLMA, said the program will "seek to develop practical methods of packaging lumber at the sawmill so it can be loaded and unloaded from railroad freight cars by completely mechanical means."

Doyle explained that this could "cut the handling costs of both retailers and manufacturers and, at the same time, reduce the damage sustained by lumber and wood products during shipment."

Most lumber shipped by rail today is loaded and unloaded piece-by-piece with hand labor. Although fork lift trucks and other vehicles are used to move stocks from the sawmill to the freight cars and from freight cars to the storage bins of the wholesalers and retailers, considerable time and manual labor is required to transfer the lumber to and from these vehicles and cars.

Campaign Launched For Stricter Rules At Beauty Contest

Long Beach, Calif.—Miss Universe officials today launched a campaign to clamp down on contest rules in the wake of the most controversial pageant in the six-year history of the annual event.

The controversy led to the disqualification of the judges' first choice for Miss United States of America and threatened to de-throne the newly crowned Miss Universe, Peru's Gladys Zender.

It was disclosed Saturday night at the coronation ball that Miss Zender was only 17 years old instead of the 18 that she had claimed and the age contest rules require. However, officials took an international loophole to get out of the predicament.

Officials ruled that Miss Zender would retain the title she won over 14 other international beauties Friday because in her native Peru she is regarded as an adult. Miss Zender, who is three months shy of 18, also claimed that in Peru beauty contest age limits start at 16.

Shortly after officials had announced their last-minute ruling they were flooded with telegrams and telephone calls criticizing them for being lenient with the South American entry and yet three days earlier disqualifying Miss U.S.A. for telling a "fib."

Maryland's Leona Gage, who was named Miss U.S.A. Thursday night, was sent home the next day after she finally admitted that she was married and the mother of two. Her title and prize money were turned over to Miss Utah, Charlotte Sheffield, who was runner-up among the five girls in the Miss U.S.A. finals.

Smoke Jumpers Sent To Battle Flames

Portland — Smoke jumpers were dropped into the Wallowa-Whitman national forest Sunday to combat fires ignited by lightning storms, the U.S. forest service said, and officials added they expect more fires to break out today.

Guy Johnson, regional dispatcher, said more than 20 fires had broken out because of the lightning, including blazes in the Malheur national forest in eastern Oregon.

"Why doesn't he call?"

Everyday, all over America, people who are expected home never get there. It's because death on the highway intervenes! Last year, 40,000 Americans never came home from traffic accidents. Don't let it happen to you!

BACK THE ATTACK ON TRAFFIC ACCIDENTS

Here's how you can help:

- 1 Drive safely, courteously yourself. Observe speed limits, warning signs. Where traffic laws are obeyed, deaths go DOWN!
- 2 Insist on strict enforcement of all traffic laws. They work for you, not against you. Where traffic laws are strictly enforced, deaths go DOWN!

Francis Raps Holmes For Vetoing Measure

Dayton, Ore. — State Sen. Carl Francis, Dayton Republican, said today Gov. Robert D. Holmes was "wrong" in vetoing a bill designed to create a mandatory state-wide system for identification of criminals.

The measure would have called for state police to serve as a clearing house for reports on crimes and criminals.

Francis said he understood Holmes vetoed the measure because it would have allowed law officers to fingerprint and photograph juveniles involved in traffic violations. He said that he has an opinion from the attorney general's office which says present law allows fingerprinting and photographing of anyone charged with a misdemeanor, including traffic violators.

Francis sponsored the legislation.

Around Hollywood

Hollywood — Television's gradual "go west" movement has turned into a busy stampede.

Actors, producers, advertising agency men and programs themselves are deserting Madison Ave. and Rockefeller Center for the land of orange trees, sport shirts—and cameras.

The capital of television has moved from New York to Hollywood lock, stock and Trendex ratings. And the medium is now leaning overwhelmingly from live shows to film.

Now out of 113 network evening shows this fall season, 78, or 70 per cent, will originate in Hollywood (last year it was 54 per cent), according to present plans.

Of the 113 programs, 64 per cent will be on film (including a few shows filmed in Europe or new York).

TV trade sources believe live TV always will be with us for special events, news shows, interviews and other non-fiction programs. But live TV drama has been curtailed.

Spectaculars in Hollywood
 One of the top New York live dramas, the Goodyear-Alcoa Playhouse, here after will be performed before Hollywood film cameras. Alfred Hitchcock's new NBC show, "Suspicion," will be two-thirds live from New York. Some top live New York dramatic offerings, such as "Robert Montgomery Presents," were sent to the showers last spring.

NBC's first two spectaculars of the season—Mary Martin in "Anne Get Your Gun" and Van Johnson in "The Pied Piper"—both will originate in Hollywood, and "The Pied Piper" will be filmed.

"Those live New York dramas seldom get the ratings of a filmed show," is the way one agency executive here puts it. "The live shows are put on by people trained on Broadway and they're too highbrow."
 The flood of film means for the viewer a rash of western

Tavern Owner Slain Trying To Stop Fight

San Francisco — Roy Barni, nationally known football star, died today of bullet wounds inflicted on him while he was trying to settle a row between two patrons of his tavern.

Barni, 29, died in San Francisco hospital after undergoing emergency hospital treatment. The three bullets entered his right chest, left lower abdomen and right thigh.

Shortly before he succumbed, a priest administered the last rites of the Roman Catholic church.

Held in the shooting was James D. Invernizzi, 62, a truck driver and old friend of Barni's. Police charged him with suspicion of murder.

The shooting took place late Sunday night in front of Barni's Marina district tavern, "The Huddle."

With the U.S. 24th Division in Korea—Any foreign power with aggressive intentions better not start with Pvt. James McNames, of Derby, Colo. McNames has six brothers and six sisters, all stationed with the Army in Europe. His father retired from the army and only his mother has seen no military service.

Nuclear Shot 'Owens' Delayed Until Tuesday

Las Vegas, Nev. — The Atomic Energy Commission early today postponed detonation of nuclear shot "Owens" until tomorrow at 6:30 a.m. (PDT) because of unfavorable weather conditions.

The postponement was the sixth consecutive delay of the firing of the below average size nuclear device. The test was scheduled to be staged at 6:20 a.m. (PDT) today before the latest postponement.

"Owens," billed as the ninth blast in the summer test series, is expected to have a yield equivalent to 6,000 tons of TNT. It will be fired from a helium-filled balloon 500 feet above the Nevada proving grounds.

TO THE 'SHOWERS'
 Las Vegas, Nev. — James Argenbright learned the hard way that an umpire's word literally is law. Argenbright got into a heated dispute with Umpire Bob Everett while watching a local baseball game Friday. At the height of the argument the umpire pulled out a police badge and arrested the startled spectator for disorderly conduct.
