

The popularity of the ensemble offers many chances for blouse coordination in fall wardrobes. Worn over or under the skirt, blouses have new appeal. For a fall eyecatcher, Gregory creates the "shirtigan" in a casual overblouse with vestee. The surrealist print gives Gabey's man-tailored shirt lots of color.

Cordy Advises Use Of Bosc Pear Spray

Stop mold should not be used when washing Bosc pears because of residue tolerance. B. Cordy, county horticultural agent, has warned orchardists. All Bosc should be sprayed with Ziram to help reduce storage rots.

Cordy advises use of seven pounds of Ziram per acre in air blast sprayers or one and one-half pounds per 100 in high pressure rigs.

Delay in application will reduce effectiveness because waxes produced by maturing fruits may protect spores lodged on the fruit surface, and early rains will start infections that later sprays will not stop.

Navajo Indians Arrive In Salem For School

Salem—About 700 Navajo Indian students from Arizona and New Mexico were scheduled to arrive here in 20 busses Saturday for the start of classes at Chemawa Indian school.

The youths, from 12 to 20, start their school work Tuesday. Yesterday's arrivals will compose the entire student body of the school. Northwest Indians are no longer taught at the school but attend regular public schools in the area.

About 200 of the Indians will be attending Chemawa for the first time.

Casualness Noted in Fall Fashion

The cotton ensemble with its eased casualness makes a striking note in the parade of fall fashions, reports the National Cotton Council.

Once again the sheath appears, often bloused and sporting the added attraction of a bus-boy bolero, a hip-length jacket, a cape stole or a coat to complete a harmonious ensemble.

Teammates in cotton knit are effortless to wear and care for, and they are practical for the coed and career girl who like to mix, match and interchange. Included in this casual group are sleek pants worn with bulky knitted jackets; skirts and vests that come in textured jacquard patterns; printed separates packaged prettily in cardigan tops, middie shirts, shorts, slacks and skirts.

Corduroy had its face lifted this season to reveal a new personality that promises fun and activity. It reflects the 30's in two-piece middie and skirt separates. It has grace and warmth as the shirtwaister and it even takes a new turn in a perky back-to-school outfit that has a reversible cotton plaid lining.

Velveteen is luxuriously ensembled for day, date and at home day-dreaming. It is sparkling as a sheath which molds the figure ensembled with an evening coat. It is printed lavishly for sheath and bolero and for skirt and semi-middie. For leisure togs that romp and relax velveteen is used for tapered trousers colorfully topped with a rug-printed bolero or shirt. A contrasting wide cummerbund accents a small waistline.

House Votes Itself Extra Money Thursday

Washington — The House voted itself some extra expense money Thursday. The chamber approved extra postage and rental allowances and more flexible use of telephone and telegraph expenses. The House agreed to allow each of the 435 members an extra \$100 a year for special delivery stamps, making a total of \$300 a year, because of the recent special delivery rate increase. It also voted to allow every member \$100 to maintain an office in his home district.

When you're making applesauce to serve with roast pork or baked ham, use white table wine for part of the liquid. It gives an exciting new flavor to enhance the meat.

Jewel-tinted plaid ensemble by Jonathan Logan strikes a harmonious note for fall. The slim sheath has a hip-length chemise jacket with a handsome shawl collar.
