

After skiing, relax in Phil Rose's slim, hip-yoked "lodge pants" and braid-edged "skol" jacket (\$15 each) of washable Nylon knit; worn with cotton jersey turtleneck pullover (\$3).

I took my friend's advice...

And I'm so glad I did. It was about time I grew up to the idea of using Tampax. It's really easy to insert, change and dispose of. Can't chafe or show or cause odor. Adds to my comfort in so many different ways. And I can carry spares right in my purse! I'm really proud I made up my mind!

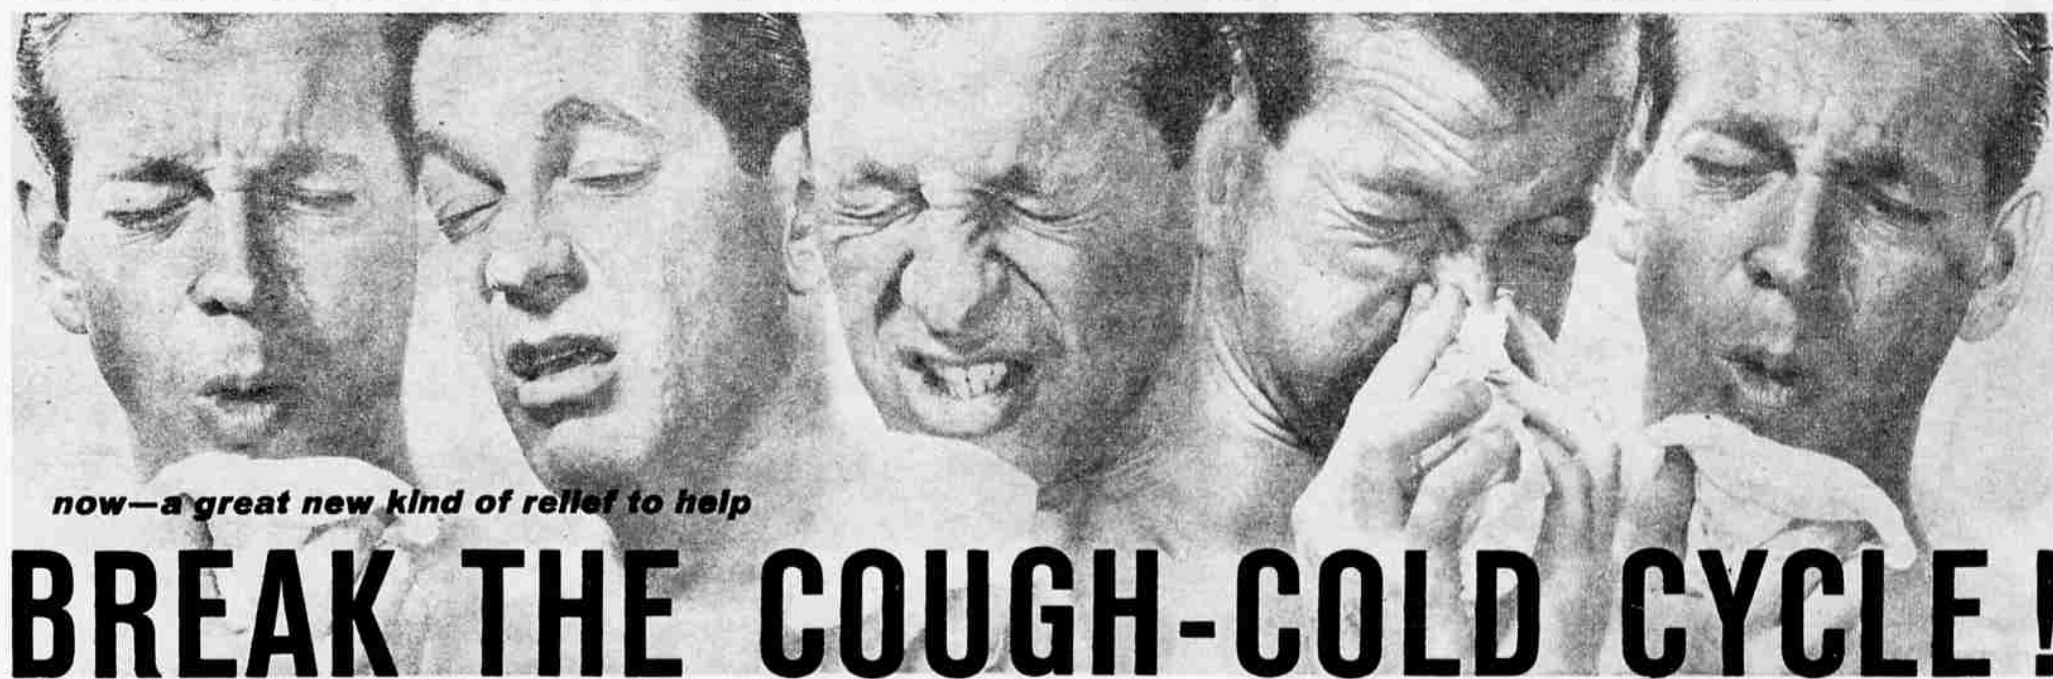

Tampax® internal sanitary protection, in Regular, Super, Junior absorbencies; wherever drug products are sold. Tampax Incorporated, Palmer, Mass.

Snow

by Allyn Rice

COLOR AND WARMTH, always requirements of skiing fashion, extend to evening "dress-up" attire. Easy to wear and care for are the bulky-looking sweaters and lightweight Anorak jackets. The pants, for skiing on the slopes or lounging before the lodge fire, are beautifully tailored to make sport and relaxation the greater pleasure.

now—a great new kind of relief to help

BREAK THE COUGH-COLD CYCLE!

Unlike syrups that merely "coat" the throat, new CEES quickly releases potent medication right into your blood stream, rushes relief to nose, throat and chest—where the cough-cold cycle begins.

1. IN THE NOSE

CEES, with GW-3, helps reduce allergic congestion with its resulting postnasal drip which causes coughs and spreads bacteria.

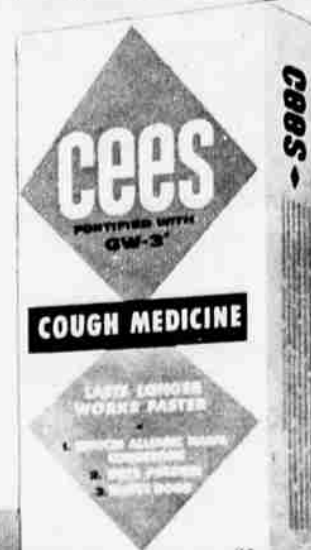

2. IN THE THROAT

CEES not only soothes irritated membranes . . . it also relaxes nerves and muscles that cause cough spasms.

3. IN THE CHEST

CEES helps clear congested bronchial passages, where viruses and bacteria can breed and be spread by coughing.

New CEES* has a delicious fruit flavor children love!

Want peace from your cough?
