Clinton (Skip) Osthimer, senior who shares the quarterback chores for the Ball State Teachers college (Muncie, Ind.) football club, is the son of Mrs. W. E. Preston, 2520 Jacksonville highway, Medford. Osthimer is a former Wabash, Ind., prep player, who spent his freshman year at Arizona (Tempe) State college. He was a second team all-stater at Wabash in 1951.

LINEMAN OF WEEK

Howard Morris, Lincoln college guard and ex-Craier high (Central Point) player, was named Northwest conference lineman of the week for his performance on Oct. 5 in the non-league football game against Southern Oregon college at Ashland. It was re-

ognition justly due for the griddier who has been termed the "forgotten man" of the Wildcat line. The Red Raider gridmen of SOC certainly will testify that Morris was the Linfield lineman who gave them the most trouble. During the evening he blocked a couple of punts and a point after touchdown kick.

After Morris' performance at Ashland and after Tony Kubek's play for the Yanks in his hometown Milwaukee, we were about to term Morris the Kubek of the Wildcats. But, after Kubek's crucial miscue Thursday, the point was reconsidered. Morris reportedly played one of the finest games of his Linfield career against the Raiders.

Also, 192 blocks of dry ice are pressed a day which would be every eight minutes.

Reopening of Case Sought in Complaint

James Taylor is seeking a reopening of his case before the State Industrial Accident commission, according to a complaint filed in the Jackson county courthouse.

Taylor alleges in his complaint that he was injured when he fell from a log on May 9, 1952, while working for Emery Nye. According to the complaint, Taylor was hospitalized from May 18 to May 22 and an operation was performed. He claims further in his complaint that he has been unable to work since May 16.

According to the complaint, Taylor is requesting a jury hearing and asks that the claim be referred back to the commission and it be ordered to cancel and set aside the order issued July 3, 1957, and Sept. 6, 1957.

Taylor asks that his claim be reopened and he be awarded compensation for medical and hospital expenses "until his condition becomes stationary." When his condition becomes stationary, he also asks to be awarded compensation for permanent partial disability equivalent to 100 per cent loss of the function of an arm or such amount as his condition may warrant, according to the complaint.
