Sliding Door Sets:

Using new do-it-yourself aluminum tracks, you can fit sliding doors into bookshelves, room dividers, cabinets, or closets. The tracks come in 8-foot lengths, are easy to cut to size and screw in place. They will hold masonite, glass, or plywood panels. Added feature: bottom track is designed so you can lift a panel out for cleaning or reverse it to show a different color. *Reynolds Metals, 2500 Third St., Louisville, Ky.*

Long-Reach Stapler:

Here's a versatile stapling machine that can reach the middle of a sheet, fasten flat sheets into tubes, stitch baskets, saddle-stitch booklets from the side, and staple pages in a folder so they turn like book pages. Also serves as tacker, plier-

type stapler, and regular desk stapler. \$6.50. *Lansdale Products Corp., Box 568, Lansdale, Pa.*

Lint Catcher:

If you have an older-model automatic washing machine, this new lint filter will prove a useful accessory. Connected to the machine's suds-saver hose, it eliminates laundering second or third loads in previously accumulated lint, prevents pump clogging, pays for itself in hot water and soap savings. \$3.95. *Royal Lint Filter Co., 3324 Cullom, Chicago 18, Ill.*

Automatic Rewinder:

A new system you can use with any home movie projector eliminates film rewinding. It features special reels with removable center hubs and an arrangement that lets the top reel feed into the projector from the inside while winding

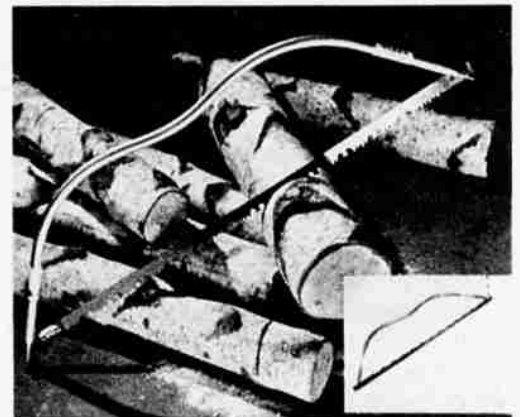

onto the lower reel in the conventional way. The projected film then can be stored or rerun without rewinding. \$14.95. *O'Dell-O-Matic, 610 Fulton West, Grand Rapids, Mich.*

Magnetize Your Mop:

Apply a few drops of a new liquid to your dust mop and it gives the yarn a magnetic action that attracts dust and a tacky surface that holds dirt until you're ready to shake or wash it out. Effective for cotton, wool, or synthetic mops, the fluid won't stain or smear waxed floors. \$1. *Parlee Co., 308 E. St. Clair St., Indianapolis 2, Ind.*

Pressureless Saw:

With little or no pressure, this saw cuts through logs up to 5 inches thick and can be used easily by a woman. Designed for camping but also good around the

house, it weighs 9 ounces, has a 30-inch blade. \$3.95. *Porta Co., 32 Neponset St., Canton, Mass.*

Glue It On:

With a new plastic steel in putty form, you can attach shelves, pipe, conduit, virtually anything, to concrete—without drilling. The joint is strong enough to support several hundred pounds. Hardening quickly into steel, the putty also can be used to repair leaking boilers and pipes, cracked engine blocks and mufflers on cars. \$2. *Lockrey Co., Southampton, N. Y.*
