

HAVE TO BE

Open Season on Hunters

Proper way to cross fence with a gun is to break action, hand it unloaded to companion, or slide it under fence.

TEN COMMANDMENTS OF HUNTING SAFETY:

4. Always carry your gun so you can control the direction of the muzzle, even if you stumble. Never hunt with anyone who carries his gun with the safety off.
5. Never climb a tree or fence with a loaded gun.
6. Never leave your gun unattended unless you unload it first and set it in a safe place.

7. Be sure of your target before you fire.
8. Never point a gun at anything you don't want to shoot. Make sure of your partner's location before firing at anything. Don't hunt with more than one companion.
9. Never shoot at a flat, hard surface or at water.
10. Don't mix gunpowder and alcohol.
