## Three Youths Treated For Monoxide Effects

Three youths were treated for carbon monoxide poisoning Saturday about 9:45 p.m., according to city police reports.

Karen Carol Frey, route 1, box 28, Central Point, Linnie Alfred Moore, 5146 D st., Springfield, and Tris Lee Mize, route 2, box 697, Central Point, were given oxygen at Sacred Heart hospital and held overnight, police said. Arnold Gene Pense, 604 Berrydale ave., and Kenneth Ashton Daily, 75 Garland st., Ashland, were treated and released, reports said.

Police said Pense had picked up the others in his panel truck and driven to a driven-in movie. The truck engine had run about 1 1/2 hours when the two girls said they were sick and the Moore youth felt unable to move.

Pense drove to the hospital where Moore passed out while entering the door. All were given treatment with oxygen when it was determined they were suffering from carbon monoxide poisoning, police said.
