JACKIE DREAMS IN GOLD BRAID
—BUT WILL HIS DREAM COME TRUE?
Ever since he can remember, Jackie has had one dream—to be captain of a big Navy carrier sailing the Seven Seas. Wonderful dream, but it doesn't look as though it will ever come true.

Jackie lives in a community where there's a serious shortage of classrooms, teachers and good schoolbooks. That means less schooling for Jackie than he needs. Let's see that this doesn't happen to the children in our schools. You can help by supporting our School Board, by attending PTA meetings and school conferences.

Holmes says five days could be enough to handle the tax surplus matter at the special session of the Oregon Legislature starting next Monday.

Holmes told the League of Oregon Cities convention here Monday there was no place in the upcoming session for "outside" legislation. He scoffed at talk that members of the Legislature "won't get home until Christmas."

The governor said he would ask the special session to provide a flat 10 per cent income tax relief, increase the basic school support fund and then adjourn.

Holmes said his suggestion would result in some \$23 to \$25 million of the estimated \$69 million surplus being turned back and leave a "cushion" for 1959. Must Face Fact

"Any course that would reduce the surplus to less than \$50 million must honestly face the fact that in the next legislative session taxes would have to be raised again," he said.

The league was told by another speaker that Oregon has failed to keep pace with the rest of the nation economywise because of lack of diversification.

Dr. Wesley C. Ballaine, a researchist at the University of Oregon, said Oregon's per capita personal income was \$32 under the national average in 1956. He said in 1940 Oregon was \$28 over the U.S. average and in 1946 the state's per capita earnings were \$147 higher.

Some 600 public officials were attending the convention which runs through Tuesday.

Washington — A. B. Homer, president of Bethlehem Steel Corp., told Senate investigators the company's \$520-a-ton increase in steel prices this summer was "modest" and completely justified.
