

Get cleaner heat—and more of it! Change furnace filters now!

Last year's filter in your warm air furnace is filled up with dirt. It's blocking off part of the heat from your furnace.

What can you do? Simply replace that dirt-clogged filter with a new Fiberglas* DUST-STOP* Filter. You'll notice the difference at once. Cleaner heat and more of it—

up to 25% more. That means a warmer, healthier home and important fuel savings.

So change filters now and again later in the heating season. Get DUST-STOP Filters at hardware, furnace and department stores—or have your serviceman install them. Owens-Corning Fiberglas Corp., Toledo 1, Ohio.
