Baker Boy Charged On Damaging School

Baker—An 18-year-old Baker youth will be arraigned on a charge of arson in connection with explosion of two grenades under the steps of Baker Junior High school during a Halloween carnival Friday night.

The boy, Wayne E. Collins was taken into custody at 9:37 p.m. yesterday along with a 15-year-old companion. The pair, found hiding on the vacant floor of a nearby apartment building by police, admitted throwing the grenades about 8:30 p.m.

The explosion rocked the junior high school and shattered windows in front of the building. No injuries were reported. Collins had stolen the grenades from his former employer, a farmer. There appeared to be no motive for the act, police said.

New! A cleaner-burning gasoline guaranteed to give your car

MORE POWER FOR MORE MILES

than any other premium in the West!

HIGHER
OCTANE!

Many modern gasolines are not clean burning. They leave deposits, cause fouled carburetors and spark plugs, sticky rings, burnt valves. Your engine loses its quick responsiveness too soon. New "Flying A" Ethyl burns clean, because it has been de-sulfurized by the new Avon Process. Because it burns cleaner, new "Flying A" Ethyl can be guaranteed to give your car more power for more thousands of miles than any other premium gasoline sold in the West.

GUARANTEE: We have tested new "Flying A" Ethyl against all other leading premium gasolines sold in the West, under comparable conditions in actual late-model automobile engines, for a total running time equivalent to 295,959 miles of driving, and guarantee that new "Flying A" Ethyl has proved to be consistently the cleanest-burning brand.
