

DISTINCTIVE STYLING — The Oldsmobile for 1958, which will go on display at the Darrell Miller company, 415 South Riverside ave., Medford, Friday, Nov. 8, offers a completely restyled body. Three Rocket engines with improved economy are offered in new models, which have smoother Jetaway Hydraulic transmissions and New-Matic ride, a new concept of air suspension. Oldsmobile's styling includes twin blades which sweep down the rear bumper crown.

Army To Reduce Little Rock Force By 50 Per Cent

Little Rock — The Army has announced it will cut in half its integration task force at Central High School. It said Wednesday that half the paratroop and national guard forces at the high school will be removed "forthwith." The action came only hours after the victory in a city election of six candidates opposed by avowed segregationists. Candidates running on a good government committee slate won six of the seven places on the board. The committee, which never specifically stated its position on integration, was bitterly attacked by opponents backed by segregation forces.

Stability Improves
Army Secretary Wilber M. Brucker said the decision to reduce the steady improvement in conduct the troops was based on munity stability noted currently in Little Rock. The reductions, he said, would be carried out "forthwith."

The Arkansas Military District said no orders for such movement had been received, but a spokesman indicated 225 members of the 101st Airborne Division may return to Fort Campbell, Ky., either today or Friday. Mustering out of federal service half of the remaining 1,800 federalized Arkansas guardsmen "will take longer because it's more complex," he said. Gov. Orval Faubus denied having any influence in the election in which the mayor-council form of government was replaced by a city manager plan.

SPUTNIK II SIGHTED
Washington — Two Navy scientists who sighted Russia's Sputnik II early Wednesday said it had the brightness of a first magnitude star and was clearly visible with the naked eye. The scientists, Dr. Raymond H. Wilson and Howard M. Caulk, spotted the satellite as it passed over the capital area about 5 a.m. (EST).

1,580 Visit Museum During October

Jacksonville — Attendance at the Jacksonville museum during October totaled 1,580, according to Miss Mary Hanley, curator. The figure brought to 270,483 the number of museum visitors since July 10, 1950.

Thirty-one states were represented and visitors from Canada, England, Turkey and Japan toured the museum.

New loans and gifts during the month included a stage coach from Oregon Caverns, Inc., two showcases from E. R. Santo, several stereopticon views of Southern Oregon history from Mrs. Robert M. Fisher, 45-star flags from Mrs. A. B. Iverson and a doll and doll carriage robe from Mrs. Elda Anderson.

Those giving pictures were John Reter, Mrs. Elva C. Person and Mrs. C. L. May. Other articles were given by Miss Bessie Willeke and J. B. Meehan.

Songwriters Club Plans Fall Round-Up

Ashland — A fall round-up of songs is scheduled Friday, Nov. 8, at 8 p.m. in the civic club house, Winburn Way, Ashland, by the Ashland Songwriters club.

Mary Wells, Jan Newton, Nancy Kaylor, Doris Kimball, Minnie Barron, Chuck Holcomb, Royce Mayo, and Bill Reese and Sharon, Oletha and Carlton Abbott of Ashland will participate. Mary and Gus Witte, Talent, Charles Sturgill, Merlin, and Bill Heberling, Central Point, will plan to attend.

The meeting is open to the public, according to club officials.

INDICTED FOR ASSAULT
Covington, Tenn. — Jesse H. Scott Sr., a 44-year-old farmer who married an 11-year-old last July, today faced charges of attempted criminal assault on two little girls. Tipton County Sheriff Ben Billings said Scott was indicted Tuesday on two counts of felonious assault with intent to rape. The girls involved are sisters, aged 8 and 10.

Idaho Senator Demands Steps To Regain Leadership

Reno — Sen. Frank Church (D-Idaho) today demanded a "new Manhattan Project" to regain the nation's scientific leadership in a keynote speech prepared for delivery at the opening session of the biannual Young Democratic Clubs of America convention.

"Let us press for a new Manhattan Project (code name of first atomic project) to regain for America and a Free World our rightful ascendancy on the horizons of science that lie in outer space," said Church. The 33-year-old former state chairman of Idaho Young Democrats accused the Republican administration of "spreading a barrage of bland ballyhoo which has tranquilized our country for five long years."

He credited the Roosevelt and Truman administrations with vision which gave America world leadership in the atomic field. "This enabled us to preserve the peace with Russia the last 12 years."

Assails Eisenhower
Church told young Democrats "It's time for us to take stock... that the Russians were four years behind us in developing the atomic bomb, one year behind us in perfecting the hydrogen bomb."

Church charged that President Eisenhower, "a military man," lacked vision. "The Russians have finally plunged ahead of us in the developing of the intercontinental ballistic missile, and the launching of man's first satellites."

"In giving birth to the Sputnik twins, the Russians have scored the most spectacular victory in the continuing physical war between a Communist and a free government since the United States contrived and detonated the A-bomb 12 years ago," he continued. Church told the Young Dem-

ocrats, heartened by important political victories earlier this week, the nation must keep itself of the capacity to retaliate in kind."

Flu Outbreak in Kansas Sickens Tens of Thousands

By UNITED PRESS
A flu outbreak in Kansas that struck tens of thousands of persons and caused five deaths "may just be getting started," a health official warned.

The Kansas fatalities were the first reported in the Sunflower State. With reports of flu deaths in other states, the new deaths gave the nation's influenza toll its sharpest rise in more than a week.

A United Press tally showed that at least 590 persons have lost their lives due to Asian flu, other types of influenza, and complications of both since the outbreaks began last summer.

New York Tops Nation
Topping the nation was New York with 134 deaths, followed by Pennsylvania 99, Michigan and Ohio with 41 each, and California with 40.

Others were Iowa, 28, Illinois and Louisiana 21 each, Wisconsin 18, Nebraska and Washington 16 each, Connecticut and Minnesota 15 each, Utah 11, Colorado and Hawaii 9 each, Kentucky 8, Texas and Oklahoma 5 each, New Jersey 4, Maryland, Missouri and Oregon 3 each, North Carolina 2, and 1 each in Arizona, Maine, and the District of Columbia.

Kansas Health Officer Dr. James Mott disclosed Wednesday that flu-caused absenteeism jumped alarmingly last week. About 24,000 persons were absent from work and

Israel Patterned Its Life After West, Consul Says

Israel has patterned its life on the "Western way" because its people feel that is the best way to live, Ranan Sivan, Israeli consul, declared yesterday in a talk to Medford Kiwanians at Rogau Valley Country club. "Your own civilization is based on the Bible. We gave you the Bible. We think you have a stake in our country for these reasons," the consul for 11 western states asserted. "You are the leaders of the world so you've got to be concerned with what is going on in the Middle East," Sivan said.

While stating that there is no reason for a nation to justify its existence, Sivan traced the background in the establishment of Israel, saying that the Jews had a long history of ruling in the land. He pointed to the many persecutions of the Hebrew people since about 17 A.D. He challenged the contention that the Jewish people were forced out of Israel, saying that they left of their own accord, told to do so by their Arab leaders. Sivan said he, himself, had a hand in trying to stop the Exodus.

Ownership of Land
Concerning the ownership of land in Israel Sivan said that 6 1/2 per cent had been owned by Jewish people living there, 3 1/2 by Arabs living there and 13 1/2 by Arabs no longer residing there. The rest was owned by

the British, who had taken it from the Turks. Sivan stressed that Israel was established by "decree of the World" through the United Nations. The country did not come about by violence but violence has been required to stay alive.

The consul maintained that Arabs are trying to catapult the 12th century into the 20th. He said that Arab leaders have been honest when they have taken over but have needed nationalism to hang on to their seats when they cannot get economic advancement and reforms right away. Nationalism is only justified when it is going to make progress, Sivan stated. He declared that nationalism in countries around Israel is dedicated to things against progress. He expressed the desire of his country to budget for economic rather than military needs.

school in 37 counties, he said. Extending the figure throughout the state would hike the total to more than 70,000, Mott said, and warned "We may just be getting started."

Eagle Point Spaghetti Dinner Slated Friday

Eagle Point — The Eagle Point Elementary school Parent Teacher association is sponsoring a spaghetti dinner prepared by professional chefs at the Eagle Point school cafeteria between 6 and 8 p.m. Friday.

Proceeds will be used by the P.T.A. Don Pulley, chief cook at the Veterans administration Domiciliary, has volunteered his services, and will be assisted by C. Miller and N. H. Chapman. Harold Jaffrey, assistant manager at the Domiciliary, is chairman for the event.
