

SATURDAY'S HERO—Dick Lynch (right) Notre Dame back, jokes with coach Terry Brennan about an article in a sports magazine as the Irish arrive in Notre Dame, Ind., after upsetting Oklahoma, 7-0. Lynch scored the winning touchdown. Reason for the smiles: The article explains why the Sooners are unbeatable on the grid-iron.

New York.—Frale's folies and the weekend football "winners"—and if I sound hungry let it teach you not to be on grid games.

Game of the Week
Iowa over Notre Dame—Like a man who just ate a big meal, Notre Dame may have a let down after that Oklahoma feast. Iowa always comes up higher than a Georgia pine for this one and the combination may turn the trick.

The Midwest
Minnesota over Wisconsin — The blueplate special.
Ohio State over Michigan—Buckwheat cookies.
Illinois over Northwestern—No cream for kiddy.
Purdue over Indiana—Boiler-maker Mickey Finn.
Also: Michigan State over

IBL TO CONVE
A meeting of the Medford Independent Basketball league will be held at 7:30 p.m. today at the YMCA. All team managers are instructed to be present and to submit their entries in order that funds will be on hand to open the circuit on schedule next Monday, Nov. 25.

Gavilan Goes Against Byars

Chicago.—Former welterweight champion Kid Gavilan returns to the Chicago stadium tonight for a televised fight with unranked Walter Byars, but at the same time he'll be demonstrating his personal downfall in little more than three years. It will be the sixth time Gavilan, 31, has fought in the stadium, and the anticipated crowd of hardly more than 1,000 will be the smallest he ever has pulled to the building.

Beavers Drilling On Guarded Field

Corvallis, Ore.—There's a rumor going around that the Oregon State Beavers are keeping busy preparing for Saturday's game with the University of Oregon Ducks, but even members of the booster group can't get near the heavily guarded practice field to confirm it. The Beavers have to defeat the Ducks to gain a tie for first in the PCC, and thereby successfully defend their title.

ORTEGA IN TRAINING
New York.—Gaspar Ortega of Mexico began training at Stillman's gymnasium today for his Dec. 6 welterweight title elimination match at Cleveland with Isaac Logart of Cuba. Ortega, who arrived from Tijuana, Mexico, Tuesday, will remain here until a week before the bout, then go to Cleveland.

About 250,000 kinds of beetles are identified by science.

SPORTS

CAGE REFEREES MEET
Basketball referees of the Rogue valley will meet at 7:30 p.m. today at Medford Senior high. It will be a regular session for the group and examinations for certification as Oregon high school court officials are to be completed.

Jim Brown Heads Pros In Rushing

Philadelphia.—By the looks of things, Jimmy Brown will win his letter in professional football this year as a rookie. Brown, the linebusting fullback for the Cleveland Browns, took over first place in individual rushing in the National Football league with a 68-yard performance against Washington last Sunday.

Brown totaled 532 yards in 130 carries to bump Tommy Wilson of Los Angeles out of the first place spot he held for five weeks. Wilson was seven yards behind Brown, with Hugh McElhenny 467 of the 49ers, Rick Casares 456 of the Chicago Bears and Ollie Matson 436 of the Chicago Cards following.

O'Connell in Front
Tommy O'Connell of Cleveland, passed for 324 yards against the Redskins to hold first place in passing with Eddie LeBaron of Washington, the early season leader, second.

Lou Groza, who kicked three field goals in a single game for the 11th time in his career, and whose third last Sunday with 13 second left, salvaged a tie for the Browns in their Redskins meeting, became the third Brownie to jump into the statistic high spots. He tied George Blanda of the Bears at 50 points in individual scoring. Jim Mutscheller of Baltimore was third with 48.

Units Most Prolific
Johnny Unitas of Baltimore continues to be the most prolific touchdown thrower with 18 completions for scores as well as the highest yardage totaled with 1,530 aided. Y. A. Tittle of San Francisco threw 11 touchdown passes.

The Southwest
Billy Wilson of San Francisco, defending champion in pass receptions, made hay while Jack McClaren of Pittsburgh was idle last weekend. The eight passes snared by the Forty-Niner put him in front of the Steelers with 32 receptions. McClaren has 31, but has one game more to play than Wilson. Jim Doran 30 leads in yardage with 586 and Mutscheller in touchdowns with eight.

Local Telecast Of UO-OSC Tiff Not Confirmed
Portland.—The Oregon-Oregon State football game at Eugene Saturday will be televised regionally, the Oregonian said today. The 1956 Duck-Beaver clash also was telecast.

(Television station KBES here said this morning that it had not received confirmation concerning telecast of the Saturday football game between Oregon and Oregon State.)

Third Annual Turkey Run This Sunday

Third annual Turkey Run in the Rogue valley for motorcyclists will be held on Sunday, Nov. 24.

The event from the Big Y at Grants Pass at 11 a.m. and will be a point system cross country endurance run. It will be open to riders in all motorcycle and motor scooter classes and will be held regardless of weather conditions.

Jack White of White's Cycle shop here started the event in 1955. Rogue Valley Riders Motor Cycle club is taking over sponsorship this year. White reported strong merchant support for the 1957 run. He said that three turkeys, instead of the usual one, will be prizes.

Invitations have been sent to cyclists in northern and central California and elsewhere in Oregon.

Morris, Chapman On INS All-Coast Second Eleven

Fullback Jack Morris and Center Norm Chapman, University of Oregon players and ex-Medford high stars, have been named to the second all-coast team of International News service.

Two other University of Oregon players, Guard Harry Mondale, and Halfback Jim Shanley, were chosen to the first team. Oregon State collegians on the first eleven were Center Buzz Randall and Fullback Nub Beamer.

First team selections included End Dick Wallen and Tackle Bill Leeka, UCLA; End Don Ellingsen and Quarterback Bob Newman, Washington State; Tackle Troy Barbee, Stanford; Guard Jerry Kramer, Idaho, and Halfback Jimmy Jones, University of Washington.

The second team included End Ron Wheatcroft, University of

Pettit Sparks Hawks' Victory

By UNITED PRESS

Another prodigious scoring effort by Bob Pettit has moved the St. Louis Hawks back into first place in the Western division of the National Basketball association.

The former LSU star totaled 38 points Wednesday night in leading the Hawks to a 118-115 victory over the New York Knickerbockers in the feature game of a doubleheader at St. Louis. The Cincinnati Royals whipped the Detroit Pistons, 92-75, in the opener.

California; End Gary Van Galder; Quarterback Jack Douglas and Halfback Chuck Shea, Stanford; Tackle Ted Bates and Halfback Joe Francis, OCS. Tackle Mnote Clark, Southern California, and Guards Joe Malpasuto, College of Pacific, and Art Keith, San Jose State.

WRITERS NAME TORPID
Baldwin, N.Y.—A nationwide vote of harness writers named Torpid, three-year-old bay colt owned by the Sherwood Farms, as winner of the U.S. Harness Writers' association

Headliner award for 1957. Torpid got 112 of a possible 133 first-place votes.

Establishment of the U. S. marine corps was authorized by the Continental congress in 1775.

HERE'S A CHALLENGE only Case Crawlers dare to make!

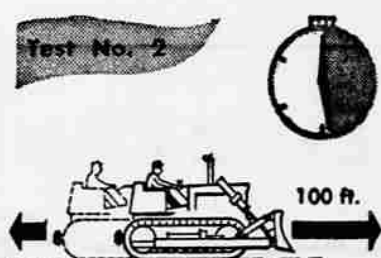

Performance speaks louder than words! We know from our own tests that the new heavy-duty Case TerraTrac crawler tractors will outperform ANY comparable crawler machines on the market — and we are ready to prove it! In this public TRACTORAMA CONTEST, we will prove that the Case TerraTrac Model 1000 tractor-shovel will outscore any other 1½ to 2-yd. crawler-rig in the field. In addition, we will prove that the Model 800 Case TerraTrac bulldozers and angledozers will outwork any competitive models in their price range. If you don't believe it . . . come see it!

And remember, this is a wide open challenge! Any contractor or dealer with a current production-model crawler — comparable in size and price to the Case TerraTrac Models "1000" or "800" — is invited to register

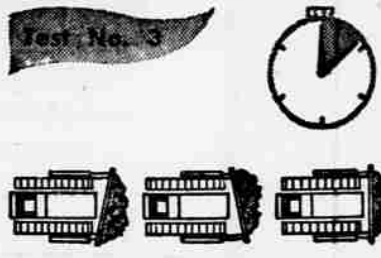

Special "show-down" tests for bulldozers and angledozers

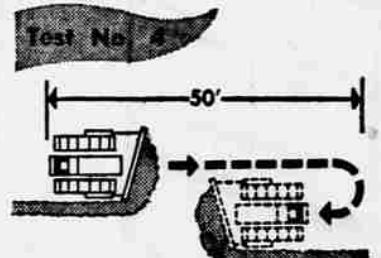

Test No. 1
Extra-fast blade tilt: Drop one corner of bulldozer blade 14" and adjust pitch fore and aft in less than 10 seconds — to prove the exclusive power-tilting feature of the Case TerraTrac "800" can double bulldozer efficiency on ditching, road-crawling and root-cutting jobs.

Test No. 2
Extra-fast working speeds: Drive bulldozer 100' forward and return to starting point in less than 30 seconds — to prove the Case TerraTrac "800" Tilt-Crown dozer can do your work faster, with less operator fatigue, than any other front engine crawler in its price class.

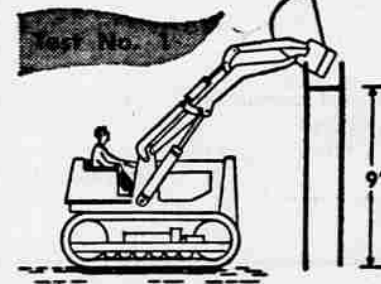

Test No. 3
Extra-fast blade-angling: Adjust angle-dozer blade three ways — to push dirt to the right, left and straight ahead — in less than 10 seconds — to prove the Case TerraTrac method of changing blade angle hydraulically from the operator's seat beats anything else in the field.

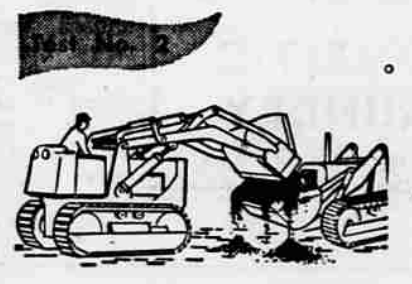

Test No. 4
Extra-fast grading speeds: Make three successive 50' passes in less than 2 minutes, and keep side-casting windrow of dirt in same horizontal direction on each pass — to prove the Case TerraTrac "800" angledozer can level land twice as fast as any competitive machine.

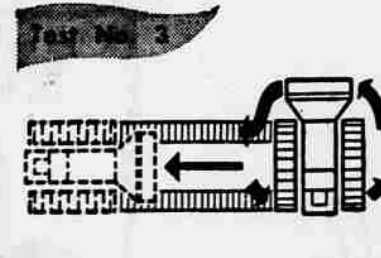

Here are the five "show-down" tests for tractor-shovels

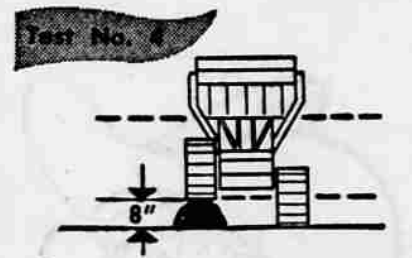

Test No. 1
Extra-high dump: Dump full load over 9' bar and back away without raising bucket — to prove the Case TerraTrac "1000" can load high trucks and hoppers faster than any other unit in its price class.

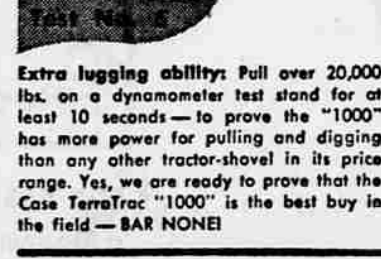

Test No. 2
Extra payload capacity: Dump full bucket load into competitive bucket — to prove the "1000" can carry bigger payloads, move more yardage per trip, than any competitive machine on the market.

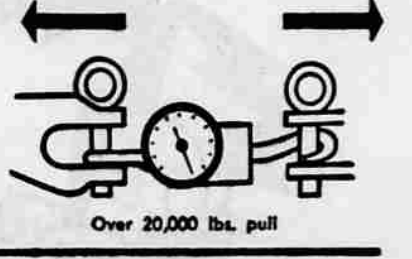

Test No. 3
Extra maneuverability: Turn 180° within a 6' track radius and return in same path — to prove the "1000" can maneuver on fills and in other locations where no other similar unit can operate.

Test No. 4
Extra track oscillation: Drive one track onto 8" incline and keep other track on ground — to prove the "1000" can maintain traction on both tracks, and keep bucket level, where no other loader-tractor can.

Test No. 5
Extra lugging ability: Pull over 20,000 lbs. on a dynamometer test stand for at least 10 seconds — to prove the "1000" has more power for pulling and digging than any other tractor-shovel in its price range. Yes, we are ready to prove that the Case TerraTrac "1000" is the best buy in the field — BAR NONE!

Test No. 6
Over 20,000 lbs. pull
