When the crowd began to grow troublesome, police removed the people they thought were inciting disorder. Inside the Embassy, the Russians were playing host at a cocktail party celebrating the 40th anniversary of the Bolshevik revolution.

HORNBROOK Man Injured in Accident

BY MRS. H. H. CHAPMAN
Hornbrook — Mrs. Lawrence Breceda received word this week that her brother, Ray Conley, had been critically injured in a head-on car crash near San Diego, Calif.

He received a broken arm, both legs were broken and also a hip, but he is responding to medical treatment and is recovering satisfactorily. Conley formerly lived in Hornbrook, and was well-known here.

The Rev. and Mrs. Roy Sprague and their baby spent the weekend here as guests of the Rev. and Mrs. Gordon Titus. They were enroute from Compton, Calif., to Happy Camp, where Mr. Sprague has been assigned.

The Rev. Sprague's parents spent two summers in Hornbrook recently, where they conducted Bible school in their "Chapel on Wheels."

The Music club held their regular monthly meeting Saturday at the studio of their teacher, Mrs. Paul Greene.

Those attending were Chad Perry from Yreka, Marsha Simmen, Linda and Judith Fremd, Janet Benson, Paula Eastman, Pat Fox, and Marilyn Thompson, all from Hills, and from Hornbrook, Danny and Mary Metzgen, Linda Greene, Penny Barnum, and Sharon Titus, who attended as a guest of Mrs. Green's. Each of the youngsters played a solo on either the piano or accordion. After a discussion on folk songs, a scale playing contest was held. Captains of the teams were Danny Metzgen and Chad Perry, with Danny's team being the winners.

Miss Dorothy Smith and a friend, from Yreka, attended the "big game" in Palo Alto last Saturday between California and Stanford. Miss Smith's brother, Bob, who returned last week from his ranch near Rupert, Idaho, will spend the winter in Roseburg, Ore., where he will work for the California Oregon Power Co. Previous to obtaining his ranch three years ago, Bob was employed by Copco in Medford, as well as during the winter season last year.

Mr. and Mrs. Cecil Bowman arrived from Edgewood, Cal. recently. Bowman is the new Southern Pacific agent here. They have moved into the P. G. Riness home, as Mr. and Mrs. Riness have moved to Yreka to be near the Siskiyou county hospital where Mrs. Riness is employed as a nurse.

O. J. Becnel, who has been the agent here for several months, will replace Bowman at Edgewood.

Miss Evelyn Burdt of Glendora, Calif., is a guest this week at the home of Mr. and Mrs. Ardon Burns. She came north with the Burns' daughter Arlene to attend Arlene's wedding Saturday. Miss Burdt and her brother Norman, attended grammar school in Hornbrook for several years at the time their parents were co-owners and managers of the Bur-Bell resort on the Klamath river.

Garbage Disposal At Gold Hill on Council's Agenda

Gold Hill—Further study of the garbage disposal problem will be a special item on the agenda of the Gold Hill city council meeting Monday, Dec. 2, according to Ferd Jones, city recorder.

The council had under consideration a proposition to close the city dump and relocate it in the northwest corner of the city. At the Nov. 4 council meeting a petition signed by about 75 residents of the city objecting to the proposed new dump location was presented to the council. Jones said, and also information had been received by city officials that it was illegal to operate a garbage dump within one fourth mile of housing or public roads.

Since the proposed new location as well as the old dump location both being within the one fourth mile limit, the council was faced with the problem of disposing of the garbage outside of the city, Jones stated.

The recorder stated that the council went on record at the November meeting to take necessary steps to take the city out of the garbage business and turn the garbage collection over to a responsible garbage collecting agency who would provide garbage service and collect from residents, whatever fees would be set for such service, and that the present city dump be closed and covered with soil.

Since the November session residents in the east end of the city have indicated objection to the city continuing the present dump operation.

It is expected by city officials that applications for providing garbage service to the people of the city will be submitted at the council meeting Dec. 2. The council may also give preliminary consideration to the formulation of a city ordinance covering the garbage handling.

The city planning commission met Nov. 22 and reviewed the action of the council on the garbage problem. The commission will have a report to present to the council. Members of the city planning commission are Ralph Bell, H. D. Force, and Paul Molloy.

Firefighters Mop Up Azusa Blaze Section

Azusa, Calif.—Firefighters today began mopping up a brush and timber fire which blackened nearly 25,000 acres in mountains 20 miles northeast of downtown Los Angeles.

The huge, week-old blaze finally was brought under control Thursday night by more than 800 firefighters, who took time out from their fireline duties to eat a turkey dinner Thursday.

Officials of Angeles National Forest said it probably would take several weeks to stamp out the last embers of fire, started when wind overturned the outdoor stove of a road crew.

Even before the fire was controlled officially civic leaders and civil defense officials in communities strung along the base of the San Gabriel Mountains warned of possible flood danger.

A meeting was scheduled for Monday in nearby Monrovia to discuss "prompt and effective action" to protect the cities from water rushing down off the burned over watershed area during the rainy season.

Fire officials estimated that the fire caused 25 million dollars damage to the watershed area, which was last burned over in 1924.
