## Try and Stop Me

By BENNETT CERF

**JOSH LOGAN**, of "Mr. Roberts," "Picnic" and "Sayonara" fame, has a passion for buying houses, although he's not always sure what he's going to do with them. He bought one old mansion up in Connecticut recently on the spur of the moment, explaining airily to his wife, Nedda, "I picked this one up for a song." "I know," she nodded gently, "a \$75,000 song."

A burlesque "queen" boned up on English history for months, then entered a mammoth TV quiz contest and walked off with a \$64,000 check. "This just proves," she pointed out, "that you can make much more grinding than you can bumping."

"What's become of that gorilla you told us you were engaged to last month?" asked one chorus gal of another. "I've forgotten all about him," was the disdainful answer. "He was just a passing fian-cy."
