Motorists Warned About Locking Cars

Drivers of cars should lock all doors and the trunk when leaving their car parked, even if they will be away for a short period of time, according to City Police Capt. Clyde Fichtner.

Fichtner said the winter months always show an increase of petty theft from cars which could be prevented if drivers observed safety habits and used the locks on the cars. He said a large number of cars are parked with the keys in the lock while owners are shopping downtown.

Police reports show more than half of the cars taken in Medford during the past few months have had keys left in the lock. Fichtner also warned home owners to put garden tools safely in the garage or basement where they will not be a temptation to someone walking by.

Bicycle licenses are required by the city to make recovery of the bicycle much easier if they are stolen. The 25 cents cost barely covers the expense. Police Chief Charles P. Champlin has announced a more rigid enforcement of the bicycle ordinance and riders will be cited for failing to have a 1958 license about Jan. 15, he said.

A tourist pulled up to the curb yesterday and said, "Hey Kid, which way to the ocean?"

Because we've always been told never to speak to strangers, we sort of pointed toward Romy Ann which should teach this tourist to be more specific.

Medford Couple Hurt In California Crash

Marysville, Calif. — Mr. and Mrs. William Schmidt, of the Oregon Switzerland area near Medford, were reported in good condition last week after the car in which they were riding blew a tire and rolled down an embankment.

The accident occurred on Highway 99 about nine miles east of here Dec. 21. They were taken to a Marysville hospital by a local ambulance.

Schmidt, 77, told the California highway patrol his wife, Florence, 64, was driving when the accident occurred. The couple said they were in the area to visit friends and relatives during the Christmas season.
