

## Afro-Asia Bloc Denounces West

Cairo — The Afro-Asian "solidarity conference" ended Wednesday in a burst of anti-Western resolutions that condemned the Eisenhower Doctrine, NATO and the Baghdad Pact.

The delegates, mostly left wing groups, called on the West to accept the latest Soviet plea for an immediate end to nuclear tests and condemned the policies of the United States, Britain and France.

Egyptian newspapers bannerlined the end of the conference and described the weeklong talks as "historic" and "epoch making" in developing the Afro-Asian bloc. Egyptian workers today were taking down the huge, five-language banners and signs that festooned Cairo during the conference. The delegates either were en route home or to Egypt's agricultural show place in Tahrir Liberation Province. Others were visiting the Gaza Strip.

Egypt's Youssef El Sadai and India's Anup Singh started work setting up a permanent solidarity committee with headquarters in Cairo to carry out the conference resolutions.

Arrangements for financing the new body were left vague in the final resolution establishing it but Egypt was expected to make the major contribution.

Western observers studied texts of the resolutions and hoped for detailed reports of what led up to them to get an inkling of what happens next.

## Multnomah Fires Sheriff's Deputy

Portland — Thomas S. Cowling, 37, was discharged by Sheriff Francis Lambert Tuesday after 11 years as Multnomah county deputy sheriff.

Lambert said Cowling was discharged after he had been secretly indicted by the county grand jury and booked at the county jail with another man on a charge of destroying property with intent to defraud the insurer.

Cowling and Lloyd A. Olson, 32, Portland, were released on \$2000 bail each after being booked.

Lambert said he fired Cowling after an independent investigation by his own office and added that "it just happened that the two investigations ended about the same time."

Lambert said the investigation by his office brought out evidence that Cowling and Olson conspired to defraud the insurance company by pushing Olson's car over an embankment Nov. 26 east of Gresham. The car burned.

## Dr. Casey To Speak At Press Meeting

Eugene — Dr. Ralph D. Casey, one of the nation's outstanding journalism educators, will be the 1958 Eric W. Allen Memorial Fund lecturer at the annual Oregon Press conference at the University of Oregon.

Casey will give the principal address Feb. 14, 1958.

A former member of the University of Oregon journalism school, Casey is now director of the University of Minnesota school of journalism. Before coming to Oregon in 1922, he had been on the faculties of the Universities of Montana and Washington. He left Eugene in 1930 to take the Minnesota post.

Casey received both his bachelor's and masters degrees from the University of Washington and his doctorate from the University of Wisconsin. His professional experience, in addition to his work in education, has been as a reporter, political writer, and assistant city editor of the Seattle Post-Intelligencer and a reporter on the New York Herald.

## Manned Fighter Plane Said Staying

London — Boyd K. Bucey, vice president of the Boeing Airplane company, today said that the manned fighter plane is here for a long time to come.

"Despite the present publicity regarding satellites and missiles we firmly believe that manned airplanes will be the backbone of our Air Force for many years to come," he said.

Bucey's opinions were given in a paper read to a conference here on the problems of aircraft production.

The theme of the conference, arranged by the Institution of Production Engineers, is a comparison of air production practices in the United States and Britain.
