The Medical Roundup

by Walter Alvarez, Emeritus Consultant in Medicine, Mayo Clinic, Emeritus Professor of Medicine, Mayo Foundation.

MUSCULAR DYSTROPHY

The Muscular Dystrophy Association of America (39 Broadway, New York 6) has been campaigning for money. Already \$13 million have been raised to finance a program of research, education and help for patients. Muscular dystrophy is a chronic crippling disease of the voluntary muscles. The muscle tissue slowly wastes away. The cause is unknown, but it is thought to be due to some defect in body chemistry. As yet, no cure has been found. They say that more than 200,000 people in the United States suffer from this disease. Two-thirds of the patients are children between the ages of three and 13 years. Muscular dystrophy usually weakens the victim's muscles to such an extent that he or she succumbs to some disease such as pneumonia or even a common cold. Parents may first note that the child has trouble climbing stairs, or he is unable to keep up with his playmates when they play running games, or he seems more clumsy than his brothers and sisters. He may find it unusually hard to suck any drink up through a straw. He may have a waddling, unnatural gait, or a strange, flat smile, or abnormally large calves in the backs of his legs. If these symptoms should show up in a child he ought to be examined, preferably by an able neurologist. A Mental Disorder Due To A Chemical. Every month now there ap-

Cases Involving B-B Guns Increase

Medford police have reported a recent increase in the number of cases involving B-B guns since Christmas. Police said that sale of the guns is not illegal but discharging the guns in the city limits is illegal. Police urged parents to caution their children about use of the guns in the city. Shooters also were urged to find open fields with good backstops before using the guns. Police said several cases of broken windows caused by B-B guns have been reported since the holidays. Several cases of children shooting at each other have been reported. Officers warned shooters that injuries to children can result easily from careless use of the guns. Police added anyone caught misusing the guns could have them taken away in addition to being fined in municipal court.

TELEVISION PROGRAMS

Table of television programs for Monday, listing channels like KBES-TV (Channel 5) and KOTI-TV (Channel 2), and program titles such as 'Cartoons', 'World Passport', etc.
