The Hollywood Scene

Hollywood—**UP**—Now that busy Jayne Mansfield is Mrs. Mickey Hargitay she's going to live like a movie queen (in the old tradition) in a 17-room mansion that boasts 8 bedrooms and 11 water closets.

When Jayne isn't sleeping or washing her hands she can ramble around in a 42x26-foot living room, shoot baskets in a half-way 45-foot high or blister up a sunbath in the solarium. A playroom belowstairs contains a bar and booths that shame the ginmills on Sunset blvd.

The Mediterranean-style house sits on a hilly acre and a half surrounded by eucalyptus and palm trees. Its white stucco facade is capped with a red tile roof.

Could Install Bowling Alley
Jayne could put a bowling alley in the upstairs hall, but she has more conservative plans.

"We're going to decorate the house with thick white rugs and white satin draperies," she bubbled happily. "And

I'm going to use as much pink as Mickey will let me get away with.

"I'd like to buy a sewing machine and make all the curtains myself, and not do another movie for four or five months. Goodness I sound domestic."

Mickey, a big, handsome guy with an easy smile, put an affectionate arm around the curvaceous glamour girl. "We will decorate it in good taste," he said. "We'll take our time and do it right."

"Just look at all that wonderful grass," Jayne went on. "I've never had a real lawn of my own. It will be perfect for Jayne Marie (her 7-year-old daughter) and all our pets (five cats, seven dogs). I think pink iron gates would look nice on the driveway."

Valley Owned House
"Rudy Vallee once owned this house," Mickey said.

It was reported that the couple blew \$175,000 for their little nest—which includes a hidden bar behind a false-front (it will be the only one in the house) library wall. The real estate agent says the 24-year-old manse came in at a nifty \$76,500.

"We're going to install a heart-shaped swimming pool," Jayne said. "It will be pink, too."

The furniture in Jayne's modest Benedict Canyon cottage wouldn't fill a corner of her new sitting room. She says Mickey will make some of the furnishing.

"I know it's a big house for just the three of us," Jayne sighed. "But we plan on a big family. The bigger the better."

Mickey nodded happily.

GET IN ON THIS SAVINGS SECRET

that's no secret to 40,000,000 Americans!

It'll work for you, too—even if you've never been able to save before!

The secret of saving is system. And, as more than 40 million Americans who have tried it know, the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. That amount will be put aside for you before you have a chance to spend it. Your money will go automatically into Series E Savings Bonds which will be purchased in your name and given to you.

Then your Bonds start earning interest.

And your savings grow extra fast because added to the money you're putting by is the money your Bonds earn for you. This plan will work for you even if you've never been able to save before.

And now Savings Bonds are better than ever! Every Series E Savings Bond purchased since February 1, 1957, pays 3 1/4% interest when held to maturity. It pays higher interest, too, in the earlier years, and matures in only 8 years and 11 months. Now, more than ever, it's smart to save with guaranteed-safe U. S. Savings Bonds. Buy them regularly where you bank or through the Payroll Savings Plan where you work.
