Doctor Advises Contact Lenses For Pretty Eyes

Oxford, Miss. — If the nation's most fashionable women all turn green-eyed this year, envy won't have anything to do with it.

For any woman, according to Dr. George N. Jessen, can have pretty eyes.

The secret, said Dr. Jessen, is contact lenses—tinted any color mi-lady may desire.

"Green," said Jessen, president of a Chicago contact lens manufacturing firm, "is the uniform color of women from coast to coast, whether they're housewives or Hollywood stars."
