Suspended Drivers Licenses Listed

Salem — The department of motor vehicles has released names of 275 drivers whose licenses were ordered suspended during the period beginning Jan. 6 and ending January 10.

The department said some of the licenses involving financial responsibility and court recommendations may have been reinstated after suspension was ordered.

The department warned drivers that the penalty for driving while suspended is a jail sentence of no less than two days and up to six months, and there may be imposed a fine up to \$500. Under licensing procedures, this will also result in an additional year of suspension.

Woman Wounds Husband, Kills Self in Argument

Springfield, Ore. — A housewife climaxed an argument with her husband Saturday night by critically wounding him with a .22 caliber pistol, setting fire to their house one mile east of here, and then apparently firing a fatal shot into her own head, police said.

Mrs. Beulah Gall, about 40, kept 20 city and state policemen and Lane county sheriff's deputies at bay outside the home for more than an hour after wounding Herman Gall, her 43-year-old husband.

Attendants at a Springfield hospital said Gall was still on the critical list today.

Found in Hallway
No shots were exchanged with the woman, police said, but at 12:30 a.m. Sunday they noticed smoke pouring from the house and summoned firemen. Lawmen said they then heard several shots, broke in through a window, and found Mrs. Gall lying in a hallway with a bullet in her temple. They theorized other shots were caused by ammunition exploding in the flames.

The woman was armed with a shotgun, a rifle and other guns.

Gall, a cat-skinner, had staggered to the house of a neighbor, A. M. Anderson, about 11:30 p.m. and said his wife had shot him.

Cause of the quarrel was unknown, police said.

Ike Sends Brief Note To Bulganin

Washington — President Eisenhower in a brief letter to Soviet Premier Nikolai Bulganin today made clear that he still opposes an early East-West summit meeting.

The President's three-sentence note was in reply to Bulganin's Jan. 8 letter calling for a heads of government conference within the next two or three months.

Eisenhower acknowledged receipt of Bulganin's letter, but said no further answer was necessary because he had "death with the substantive matters which it contains" in replying on Jan. 12 to Bulganin's December letter.

The earlier letter from the Kremlin, delivered just prior to the western allies' summit conference in Paris, called for East-West talks soon banning nuclear weapons and nuclear tests, the creation of a nuclear and missile-free belt across Central Europe, and an East-West nonaggression pact.

Try and Stop Me

AN EXECUTIVE had trouble finding a new secretary who would work more than 25 hours a week — but he's got one at last. He thinks she's pretty smart, too — and submits this evidence to prove his point:

- 1. She says she's made a remarkable discovery about a fountain pen: if you dip it into a bottle of ink, you can use it just like any other pen, without going to all the bother of filling it.
- 2. On her job questionnaire she was asked, "What types of machine are you skilled in operating?" She answered, "Slot and pinball."

Industrials Lead Irregular Advance

New York — Stocks made an irregular advance today under the leadership of the industrial department.

Railroad issues rested after their rise last week, the best weekly advance since late 1955. Utilities set a new high since July 12, 1957.

American Telephone at its high was up 3 1/2 points while its rights turned over heavily.

Oil issues ruled strong with Royal Dutch one of the best gainers and its rights, listed today, also were active. Panhandle Eastern Pipe line rose more than a point to help the utilities.

The rails held well in the face of reports little was to be expected from Congress to help them this year.

Car Owners Urged To Get New Tags

Salem — The department of motor vehicles has urged automobile owners whose license plates expire in January to renew their tags before the end of the month in order to avoid the last minute rush which beset the department the last few days in December.

For faster service, tag renewals should be obtained from the Salem office by sending a check or money order for \$10 and the current registration certificate with the necessary information filled out on the reverse side to the registration division at the State Capitol building.

Owners who let the end-of-the-month deadline pass, risk the possibility of a fine, in addition to the registration fee, for driving with expired plates the department warned.
