

BUFFERIN® relieves the painful miseries of a cold twice as fast as aspirin!

Relief for ASIAN FLU sufferers:

1. Bufferin is of great value in relieving pain and reducing fever!
2. Bufferin's tremendous speed of action brings wonderful relief from aches and pain in minutes.
3. Because Bufferin combines aspirin with an exclusive combination of special antacid ingredients, it cannot upset your stomach as aspirin often does.
4. Because it's so gentle in action, you can take Bufferin as directed, with complete safety—from the beginning to the end of your illness.

Won't upset your stomach as aspirin often does!

Wind . . . rain . . . penetrating cold, they all combine to make a cold even more unbearable.

That's the time for Bufferin. Only Bufferin adds to aspirin an exclusive compound of two antacid ingredients called *Di-Alminate*. Result: Bufferin relieves the painful miseries of a cold twice as fast as aspirin—won't upset your stomach as aspirin often does.

And you can take Bufferin right from the beginning to the end of a cold! For it's so safe and gentle that you can use it continually—as directed—without fear of upset stomach. Try it next time.
