

Names of Drivers With Suspended Licenses Listed

Salem—The department of motor vehicles has released names of 374 drivers whose licenses were ordered suspended during the period beginning Jan. 13 and ending Jan. 17.

Length of suspension varies, depending on charges involved, recommendation of court, discretionary action by the department or requirements of Oregon law. The department said some of the licenses involving financial responsibility and court recommendations may have been reinstated after suspension was ordered.

The department warned drivers that the penalty for driving while suspended is a jail sentence of no less than two days and up to six months, and there may be imposed a fine up to \$500. Under licensing procedures, this will also result in an additional year of suspension.

Those suspended in Jackson county were:

Driving while suspended—(Includes any conviction for violation of traffic laws, involving operation of motor vehicle, while driving privileges were under suspension.)

Holts, Ralph Lynn, 19, of 3401 North Pacific highway, Medford, violation of basic rule, 1 year.

Child Guidance Clinic Receives Anonymous Gift

The Southern Oregon Child Guidance clinic has received an anonymous gift of \$150 for the start of an endowment fund, board members were told at a meeting recently.

John A. Graff, treasurer, said income from the endowment could be used for current expense, but the principal should remain intact. Attorneys William Duhaime and Richard Cottle, members of the board, are making necessary legal arrangements so the gift and others which will put into the fund, will be administered properly.

Thomas Goff, new psychiatric social worker for the clinic, was introduced and said he was available to be of service to the board and residents.

Mrs. Warren Wolf submitted her resignation from the board, and Dr. Brandt Bartels and Mrs. John Bohnert, cochairmen of the nominating committee, are considering new members for the board who will be elected at the annual meeting in April.

Dr. A. Erin Merkel, administrator of the clinic, reported on a survey he made comparing support procedures for child guidance clinics in other counties of the state. He said the Southern Oregon Child Guidance clinic support came from several sources and that community support was greater in Jackson county than in other counties reporting.

The clinic provides both diagnostic and actual treatment for children with emotional problems. Besides Goff, Dr. Harry Danielson, psychiatrist, and Dr. Harold Dickman, psychologist, are associated with the clinic.

33 Miles Covered By Vivian Fuchs

McMurdo, Antarctica—British expedition leader Dr. Vivian Fuchs reported by radio Saturday he had covered 33 miles in the first day of his trek from the South Pole to Scott base.

Fuchs said the temperature was 20 degrees below zero and a brisk, 20 mile-an-hour wind was drifting the snow.

He said the surface was somewhat soft but he expects to step up his speed to 40 miles a day. He is using only snow tractors, having left at the South Pole the two dog teams and sledges that he took on the first half of his trans-Antarctic trek.

Up to Saturday night the weather at McMurdo still was too poor to permit two U.S. Navy Neptunes to fly to the South Pole to get the dog teams.

Milk Prices Drop In Illinois Area

Moline, Ill.—Retail milk prices tumbled Saturday from the usual 41 cents a half gallon to nine cents in the quad-city area of Rock Island, Moline and East Moline, Ill., and Davenport, Iowa.

A price cut by a grocery chain Wednesday apparently set off the price war. One store was reported to have offered a half-gallon of milk free with a \$5 order of groceries.

Managers of most stores said they expected that prices would return to normal Monday. Meanwhile, there was no limit on purchases and customers stocked up on milk.

However, one shipper reflected a widely-expressed view when he said, "I wish it were meat prices that were falling; meat can be stored easier for longer than milk."

Heavy Fog More Than Normal Here

The number of occurrences of heavy fog in the Rogue valley this winter is more than normal, but less than the record number for November, December and January, the weather bureau reported Friday.

So far this winter, there have been 44 occurrences of heavy fog. The average is 32. Fog is considered heavy when visibility is a quarter-mile or less. Heavy fog is reported whether it remains all day or only a few minutes during the day.

During November, 1957, there were 14 occurrences, compared to an average of 9, and the record of 17, in November, 1956.

Last month, there were 16 days in which heavy fog was reported. The greatest number was 23 in December, 1956, and the average is 13. So far this month, there have been 14 heavy fogs, four more than the average for January. The record for the full month is 17, reported in 1931.

14 Influenza Cases Reported in County

Fourteen cases of influenza were reported in Jackson county during the week ending Jan. 24, according to the county health department.

Six cases were reported in Ashland, four in Shady Cove, three in Medford and one in Phoenix, according to Dr. A. Erin Merkel, county health physician. Eight cases of mumps, five in Medford, two in Ashland and one in Talent, were reported last week.

There were four pneumonia cases reported in Medford and one in Butte Falls. Four cases of measles, two impetigo, one strep throat, two scalp ringworm and one tuberculosis also were reported. Two cases of scarlet fever were reported last week.

Opportunities for Nurses Available

Harold Jaffery, acting manager of the Veteran's Administration Domiciliary, Camp White, said that increased opportunities for advanced education and training now are offered nurses by Veterans administration.

The opportunities include leave and financial assistance to selected nurses for attending universities. In addition to in-service training for management and supervisory positions, hospital training in nursing specialties, orientation program for all nurses entering VA, and opportunity to attend nursing institutes, and workshops throughout the nation are offered, he said.

Vacancies for nursing positions are throughout the VA hospital medical program. Additional information may be obtained from the Personnel Officer of the Veteran's Administration Domiciliary, at Camp White.

BORN, DIED TOGETHER

South Shields, England—David Reay and his wife Mary, who were born on the same day, were cremated together Thursday. Both were born June 19, 74 years ago. They died within three hours of each other last week after both suffered strokes at their home here.
