Try and Stop Me

By BENNETT CERF

A GENT WHO SPENT most of his business hours trying to pick winning nags at racetracks all over the country called his doctor in some alarm. "It's my wife," he quavered. "She seems to think she's a racehorse. She's snorting and whinnying and chewing up all the grass on our front lawn."

"Probably her reaction to your endless talk about horses," guessed the doctor. "Bring her over this afternoon and I'll examine her." "Okay," agreed the gent. "I'll gallop her over right after lunch."

A couple of French tourists, winding up an extensive tour of the United States, passed an old folks' home. The inmates were rocking back and forth vigorously in their chairs on the porch. "Regardez, Clarinda," marveled the observing husband. "These crazy Americans keep up their mad pace to the very end."

Arabs May Return to Israel by Force, Dr. Medhi Declares

If the million Arab people displaced when the new state of Israel was founded are not permitted to return to their homes and property peacefully, they will return by force, Dr. Mohammed T. Medhi, director of the Arab Information center at San Francisco, so stated last night at a meeting of Medford chapter, Oregon United Nations association, in Girls Community club.

Dr. Medhi reminded his audience that the United Nations has made all decisions to the effect that the Arabs should be allowed to return, or be compensated for their homes and lands and added that if only a few could be returned each year, and given political rights, he believed they would form a bridge by way of which the Arabs and Jewish people could work out their problems in the Middle East.

Surgery Patient — Chester Leonard, 2529 Hillcrest rd., is a surgery patient at Rogue Valley hospital.

Fire Flashes — One person suffered burns and a four-by-six foot area of rug and floor was damaged in a blaze at the Robert M. Darnell home on Griffith Creek rd. about 5:25 p.m. yesterday. Firemen said that they were told by the owner that his daughter had started a fire with gasoline in the fireplace. The blaze ignited the rug and floor and started a flu fire. The daughter suffered leg burns. A neighbor put out the blaze with an extinguisher before the firemen arrived.

Bed Burns — A fire starting from an electric blanket burned a bed early today at the Mimer T. Boshears home, 408 South Grape st., firemen said. They said they were told the Boshears son, Dennis, had turned the blanket heat control up high and it became too hot during the night. The control was turned lower but the blanket was still too hot. The boy turned the blanket off about 3:30 a.m. and went downstairs to sleep on a couch, firemen were informed. He returned to the room about 7:10 a.m. and found the bed burning. It was a total loss and smoke damage to the room was reported.

Merit Scholarship Competition to Include Juniors

National Merit Scholarship competitions this year will begin with the testing of high school juniors rather than seniors, according to John M. Stalnaker, president of the National Merit Scholarship corporation.

The 1958-59 Merit program will begin with a new nationwide examination for second semester juniors and first semester seniors on April 29, 1958. Three previous national competitions, including the current one now in its final stages, have started with fall examinations given members of the senior classes.

Mrs. Elsie Butler, high school scholarship adviser, said so far she does not know how many will take the test in Medford. It will be a three-hour test for the juniors on education development, she said. The final grade will be based on a composite score which will probably include sections on science, history, mathematics, English and possibly reading.

The test sheets will be sent to a board in Chicago to grade so the various school administrators can receive the scores early enough for counseling. Mrs. Butler said. The scores should be in by August of this year, she added.

This year four semi-finalists are in the contest. They are Sandra Buxton, Karen Sloniger, Jim Corum and Jon Thompson.

This National Merit Scholarship program will provide \$1,000 scholarships this year worth some \$5 million. Donors include some of the nation's largest corporations and foundations including Sears-Roebuck, IBM, and the Shell foundation.

Portland Man Top Cheese Maker

Corvallis — Tilla-mook county Wednesday was topped from its traditional role as source of Oregon's finest cheeses by a Portland cheesemaker.

John Haedinger, of Portland Dairy Cooperative association, won first place for his entry of medium-aged cheese and received the judges' nod for the sweepstakes award in the annual dairy products competition of Oregon Dairy Industries.

Harold Sutton of Beaver-ton topped the field in the aged cheddar division. Wilfred Lommen of Cloverdale placed second and third in the aged cheese division.

Curtis Jensen of the Eugene Farmers Creamery is the 1958 sweepstakes butter maker, winning first places for both the sweet cream and cultured cream butter divisions.

Awards for the best ice cream makers went to dairy plant workers from Portland, Eugene, Klamath Falls and Grants Pass.

Palmer Zottola of Arden Farms at Grants Pass won the G. H. Wilster sweepstakes trophy for the highest average score in three classes of ice cream. His chocolate ice cream was judged second and his vanilla third among 60 entries.

Rescuers Seek Stranded Youth

San Bernardino, Calif. — Rescuers today fought their way up 11,485-foot Mt. San Geronimo in an attempt to save Donald Burns, 14, who has been stranded in a canyon since Wednesday afternoon.

Mountaineers tried to reach the boy Wednesday but had to give up because of a blizzard, heavy fog and darkness.

Burns, of Colton, Calif., was reported wearing only a light denim shirt and jeans when he fell 100 feet from a cliff into a plunging mountain stream. He lost his balance while hiking with school mates at the 5,000-foot level on the mountain. Rescuers reported snow was from three inches to foot deep in the area.

A deputy sheriff who helped in the rescue attempt Wednesday night said he was lowered on a rope about 100 feet and could hear the boy's cries. He said light from a portable searchlight enabled him to see Burns. The boy was lying in a grotesque position, he said, indicating he may have broken bones.

The deputy had to be pulled back up when he found it impossible to reach the boy.
