### Phoenix Said To Become Top PCL Franchise

Phoenix, Ariz.—This city's Pacific Coast League franchise will be one of the most valuable in baseball in another 5 or 10 years in the opinion of PCL President Leslie O'Connor.

A rosy future for Phoenix, a member of the PCL for the first time this year, was predicted Monday by O'Connor in a speech before the Phoenix Press box Assn.

"The PCL wouldn't have chosen Phoenix as its league headquarters if we didn't have complete confidence in its future," O'Connor said. "I believe everything will come out all right for Phoenix and the league."

He said he thought Phoenix was "one of the coming cities of the nation."

The Phoenix franchise was transferred here from San Francisco after the New York Giants moved into the Bay Area.

General Manager Rosy Ryan of Phoenix said his team was making progress for the opening of the PCL season but he indicated he did not expect outstanding attendance for a year or so.

### Crab Fishermen Locked in Dispute

By UNITED PRESS  
Crab fishing fleets from Crescent City, Calif., to Grays Harbor, Wash., were tied up Monday in a price dispute with packers.

The fishermen were asking 10 cents a pound for their catches. The packers have offered eight cents, the price paid for last year's near-record catch.

Some 70 fishermen from most Northwest ports met in Newport, Ore., Sunday and agreed they would hold fast in their demand.

One Newport fisherman said that with the huge catch last year he "could make out" with the eight-cent price but the rising costs of operating and the slackening catch this season makes the 10-cent figure necessary.

Fishermen at Eureka, Calif., recently got the 10-cent price.

### Emergency Treatment May Be Paid For Vets

Costs of emergency treatment of veterans in private hospitals may be paid by the Veterans administration only if the medical care was for service-connected conditions, S. T. Brannock, officer in charge, Medford office, said today.

Brannock said the medical emergency must have been such that an attempt to secure admission to a VA hospital would have been hazardous to the veteran.

Brannock said the VA may assume full medical responsibility in such cases only if the emergency treatment is reported to the chief medical officer, Portland Veterans administration regional office, within 72 hours after admission of the veteran to the private hospital.

**Matter of Choice**  
Brannock further stated that the VA cannot pay private hospital bills for veterans who elect to receive treatment in non-VA facilities as a matter of choice rather than of necessity.

A veteran who has paid his private hospital bill for emergency treatment of a service-connected condition may file a claim for reimbursement by the VA.

Reimbursement claims can be approved only if proof is submitted that the emergency required the veteran to be taken to the nearest private hospital for treatment and would not have permitted his admission to a VA hospital, Brannock emphasized.

Again it was Hoad's serves and placements that wore down Gonzales. The triumph gave the Aussie a 6-2 record since the troupe arrived in the United States. Gonzales has won only in Los Angeles and New York.

"I said last week that when Hoad gets six or seven up, he'll be unbeatable," said Kramer, "and I reiterate that now: I don't think Pancho will be able to do it."

Pancho Segura evened his series with Tony Trabert at four-all in the first match of the night, winning 8-4. Gonzales and Trabert beat Hoad and Segura, 7-5, 6-4.

New York — Confessed Russian spy Jack Soble has swallowed a quantity of nuts and bolts and is under treatment at Bellevue hospital prison ward, it was learned today.

The hospital said his condition is "not serious."

Soble had been scheduled to testify this week before a federal grand jury investigating further ramifications of the Soviet spy ring in which he and his wife have confessed operating. The ring was that in which Hollywood producer Boris Moros operated for years as a U.S. counter-spy.

U.S. Attorney Paul W. Williams said Soble was brought to the Federal House of Detention here Saturday from Lewisburg, Pa., federal prison where he is serving a seven year sentence for espionage. He was taken to Bellevue "over the week end," Williams said.

A Justice department source said Soble had swallowed a quantity of metal hardware, presumably pilfered from a prison shop.
