CASHBOX REPORTED

A cashbox containing about \$300 in checks and \$8 in cash was taken from a doctor's office in the Physicians and Surgeons building about 11:30 a.m. Wednesday, according to Medford police.

They said Carmelita Patsy Graham, 871 Swing In., reported she left the office for about 10 minutes and when returning, saw a man run out the door with the cashbox. Police search of the downtown area failed to find the man.

A BANK AT LAST

Kennebunkport, Me.—This small coastal town soon will have its own bank building for the first time in 144 years. The Ocean National Bank of Kennebunkport is building a branch office. Local folk have had to travel three miles to Kennebunkport for their bank transactions. A bank was built here in 1813 but it was unsuccessful.

The Medical Roundup

by *Walter Alvarez*

Emeritus Consultant in Medicine, Mayo Clinic
Emeritus Professor of Medicine, Mayo Foundation

More On Persons Who Have Auto Accidents

In a previous column I told of the group of psychiatrists who, in a court in Detroit, have studied the habits of those who have had traffic accidents. As I said, a while ago Dr. Alvarez told of finding among these people many who were of low intelligence and some who had been insane, and still were not stable enough to drive safely.

Many of the most offenders were, of course, chronic alcoholics who, when drinking, lacked judgment of distance; they lacked good sense, and they lacked good and quick control over their muscles. Then, there were some epileptics who "went to sleep at the wheel" as the police report usually puts it. They did not have enough warning before a spell so that they could pull over and stop the car.

I was much interested in Dr. Alvarez's finding that many of the problem drivers have criminal records. The criminal who thinks nothing of "sticking up" people, naturally has no concern for a stop-light or a boulevard stop sign. No law ever worries or stops him. Time and again I have read in the paper that some men who had got completely away after robbing a bank or escaping from a prison—men who would never have been caught if they had only behaved themselves well enough so as to keep out of the hands of the police—had soon been picked up for going through a stop-light, or driving 50 miles an hour down a busy street. Even when their liberty and perhaps life depended on obeying a simple traffic ordinance, they would not do it. This fact alone tells us so much of what we ought to know and face up to.

Reflexes Work Slowly

Some serious accidents are caused by old drivers, men so old that their reflexes do not work quickly. I remember an old farmer who, as he came out of his driveway, saw me coming down the highway at 60 miles an hour. His muscles did not work; he "froze" to his wheel, and went right on into the middle of the highway, forcing me into the ditch. Other accidents are due to a tantrum of temper in which the driver gets so angry at a passing motorist or at someone in his own car that he loses all control of himself, and for a time drives like a crazy man.

Many accidents are due to the driver's great preoccupation with some worry at home or in the office. He gets so concerned over this that absent-mindedly he will drive into the side of a train or a bus. I have read that in some air-lines a pilot is grounded if he is having divorce troubles.

Taxpayers Urged To Study Budgets

Taxpayers interested in the amount of tax they will be paying next year were advised by County Assessor Ray J. Schumacher today to study the budgets now in preparation.

Almost 100 budgets from the taxing units within Jackson county will be prepared and advertised before July 15, he said, and "now is the time to decide if you want to pay for the services included."

Because all budgets require public notice, citizens have the privilege to examine them. If any item is not clear in the published account, Schumacher explained, taxpayers can demand an explanation from the taxing district's budget committee.

Eighty-two taxing units submitted budgets last year. All go to the assessor's office to be included in the preparation of tax statements sent to the taxpayers of the various districts.

Taxing units within the county include cities, schools, rural fire, water, irrigation and sanitary districts.

Amherst, Mass.—A new sports organization, composed of the fathers of the under-graduate athletes, is being formed at the University of Massachusetts to foster athletics. It will be known as the Sports Dad Association. The organization will award trophies to the top senior student-athlete in each varsity sport. It also will sponsor social functions for its members and their wives.

he nearly toppled over trying to make the turn onto the highway. The important point is that men like this do not listen to our pleas for safe driving; they aren't interested.

I doubt if many of them would really get interested even if they were severely punished. Only one thing will work with them and that is the taking away of their license and severe punishment if they go on driving without a license.

Dr. Alvarez hopes his readers will understand that it would be impossible for him to answer requests for information or to attempt to diagnose by mail.

(Released by The Register and Tribune Syndicate, 1958)

the ROCKET EIGHT is GOING GREAT!

- First in sales in medium price class.
- Step out of the ordinary... into an Olds.
- You don't have to look twice to tell it's a new model.
