

Red Cross Announces Chairmen

Two new Red Cross co-chairmen were announced at the monthly meeting of service chairmen held Tuesday morning at the home of Mrs. Raymond Reter. They are Mrs. Roy Stein, who will assist Mrs. Thomas J. Williams, chairman of Defense Nursing; and Mrs. Sheridan Scott, assistant to Mrs. C. L. Larson, chairman of Home Service.

Announcement was made of a social welfare aides' training class for Home Service to be given volunteers starting April 21 at 9 a.m. house. The course will require two hours each morning for two five-day weeks.

A report of Gray Ladies Community service by the chairman, Mrs. Harry Poston, revealed that Jackson County has 162 adult blind people currently classified by the state blind commission. This branch of Red Cross service works closely with the state commission and is responsible for securing classification for many of these people. Mrs. Poston said she felt Gray Ladies were increasing their service to the community by finding unclassified cases.

Mrs. Marie Rehling reported a total of 1030 miles driven by the Motor corps in the Red Cross station wagon during the past month. Motor corps members used their personal cars for a total of 638 miles.

Two official delegates to the National Red Cross convention to be held in San Francisco May 19, 20, and 21 are to be appointed at the board meeting to be held April 10. All interested Red Cross members were urged to attend the national convention.

Other service chairmen present and reporting were Mrs. Grace Fiero, Mrs. Roy V. Rickard, canteen; Mrs. Frances Flynn, VAHR; Mrs. Frank Fairweather, VEC; Mrs. W. H. Reichstein, Gray Ladies to Community; Mrs. Joseph A. Burba, blood bank; Mrs. Lilian Salade, VA hospital delegate; Mrs. R. C. Bardwell, Mrs. Jennie Creager, Gray Ladies for hospital; Mrs. John Day, Junior Red Cross; Mrs. A. E. Stecher, staff aides; Mrs. Lester Adams, public relations.

Next Chairmen's meeting will be devoted to Red Cross orientation classes for volunteer workers to be held at the Chapter house on May 6, from 9 a.m. to 3 p.m. Luncheon will be served.

Possibility of a new Red Cross community service in geriatrics was discussed. This would be developed in connection with the program currently under study by a state committee.

Reunion Held In Gold Hill; Family Leaves

Gold Hill—A family reunion was held at the home of Mr. and Mrs. J. G. Kofahl, Pacific Highway 99 north, Gold Hill, recently when their son, Col. Harold E. Kofahl of the United States Air Force accompanied by his wife and their four young sons, Kristen, Robert and twin sons, Pat and Mike visited here. They were en route to his new assignment as air liaison officer, American Consulate in Hong Kong. The Kofahls' daughter, Mrs. J. H. McMasters, came from her home in Menlo Park, Calif., for the reunion.

The colonel and his family sailed on the American President line, President Hoover, Wednesday March 28, and will stop over at Yokohama and Manila.

Colonel Kofahl has served the past three years as deputy chief of staff for personnel at Washington D.C. Before leaving Washington he was awarded an oak leaf cluster to his commendation ribbon for the work he did while stationed there.

Previous to his Washington assignment he served a tour of duty with the military advisory group in Saigon, Indochina. His military career has included service as wing commander for three different air bases, Moses Lake Air Force base, Washington; Vance AFB, Enid, Okla.; and Moody Air Force base in Georgia.

The colonel's World War II decorations include the distinguished flying cross, croix de guerre with bronze star, air medal with oak leaf, the distinguished unit badge, Army commendation ribbon, European theater ribbon with four battle stars, and the Asiatic-Pacific ribbon with one battle star.

Mrs. Kofahl and the couple's children, who also accompanied him on assignment to Saigon, report many pleasant experiences. Mrs. Kofahl is the former Dorothy Peterson of Sugar City, Idaho. She was stewardess for the American airlines before her marriage to the colonel in 1944. Of interest is the fact that at the time of their marriage she had more flying hours than her husband.

During the time he was base commander at Moody base in Georgia, the colonel was awarded a command pilot rating according to special order from Crew Training Air force.

This distinguished rating is awarded to senior pilots possessing not less than 15 year's service as a rated pilot, 3,000 hours or more flying time, possession of a currently effective instrument certificate or a current CAA Airline transport rating, and to be currently on flying status as pilot.

Private School Attendance Mounts

Washington—The U. S. Office of Education reported today that more and more of the nation's students are attending private schools.

It said the proportion of the nation's elementary and high school pupils enrolled in church-related and non-sectarian private schools has increased steadily since 1900.

The report showed that one in 11 pupils were enrolled in such schools in the 1899-1900 school year with one in seven in 1953-54, base year for the study.

Roast Beef Favorite UN Dish

By JEANNE LESEM

United Nations, N.Y.—The United Nations may split on politics, but members agree wholeheartedly on roast beef.

This long-time American favorite is one entree that's always on the menu in the UN delegates' dining room.

Presumably it's even popular with Russians, although manager Frank W. Reickert declined to confirm or deny this.

"We live in a glass house," he explained, "and we don't want to offend anyone by discussing what he eats for lunch. That's a private matter."

And private it promises to remain, for the public is admitted to the delegates' dining room only between 11:30 a.m. and 1 p.m. daily, in advance of the delegates' own lunch hour.

Same Dishes For All Naturally, it's on a first-come, first-served basis, Reickert said, with reservations available each morning at the visitors' service desk on the main floor of the General Assembly on Manhattan's east side.

Large groups such as club and school organizations, can reserve the entire 400-seat dining room in advance by mail through the visitors' service, he added, for any period when the public normally is served.

Beyond that, there's no special treatment, said Reickert, who is the Knott Hotel's Corporation manager for UN food services. Private citizens are given the same choice of dishes as the UN delegates and staff — one that has pleased representatives of the 82 member nations for the six years the dining room has been open.

Always Roast Beef A typical daily menu represents at least half a dozen national cuisines on the club plate list alone, plus several more on the a la carte side.

For instance, one recent menu featured an American-style seafood casserole as the chef's special, followed by a Portuguese omelet, French-style halibut steak and leg of lamb, American pork chops with apple fritters, ternera asada con chili (roast leg of veal Latin American style), and two Russian favorites, smoked ox tongue and seafood salad a la Russe.

There are always American and English grilled chops and steaks, half a dozen cold plates and salads, fancy desserts and pastries and a cheese selection to do credit to any first-class continental restaurant.

Besides the roast beef, sirloin steak is another favorite. Indian lamb curry, Spanish arroz con pollo and Italian veal scallopini also are high on the list, Reickert added.

The original painting of "Washington Crossing the Delaware" by Emanuel Leutze was destroyed in a 1942 Allied air raid on Bremen, Germany. German-born Leutze painted the picture in 1851 for the United States Congress. When fire marred the canvas, he sold it to the German government. He did a copy for Congress, but it was refused. The copy now is in the Metropolitan Museum of Art in New York.

Boice Speaks at Crater High School

Central Point—Charles A. Boice, assistant manager of traffic safety, division of the state department of motor vehicles, discussed traffic safety and showed a film "And Then There Were Four," at Crater High school recently.

His appearance served as a part of the safety campaign sponsored by the Crater Comets, the school newspaper. Boice said that too many teen-agers place too much emphasis on car ownership, and that in some schools, it is the hot-rodding youth who becomes the leader rather than the safe driver. He said he believes all teen-age drivers are not as bad as they are made out to be.

He added he believed it was the duty of every student driving a car to drive safely and courteously.

He said there is no official law that a person must be 18 to obtain a license now, but it is being discussed. The reason for such discussion is based on the fact that one fourth of all accident occur within the age group 15 through 24 while the age group drives only one fourth the miles any other age group does.
