

Cavemen Trip Black Tornadoes In Rogue Relay Saturday, 90-81

Grants Pass high, rated the No. 1 track and field power in Southern Oregon, matched its reputation with performance here Saturday afternoon to capture the Kiwanis trophy in the 19th annual Rogue relay. And as predicted, host Medford was the strongest challenger.

The Cavemen, collecting first places in six of the 12 events and setting a record in one, tabulated 90 points, nine better than the Medford Black Tornado's 81. These two were well ahead of the rest of the field. Marshfield had 54, Crater 48, Klamath Falls 36 and Ashland 12.

Two records were shattered. Glen Wingham heaved the javelin a tremendous 207 feet 6 inches for Grants Pass for one of them. Hardy Spurgeon, Marshfield's big all-around athlete hurled the discus 157-5 1/2 for the other.

Medford Wins Three
Other triumphs for the Cavemen were in the 440-yard, 880-yard, two-mile and shuttle hurdle relays, the javelin and the pole vault. Medford claimed the shot put, high jump and distance medley relays. Marshfield the broad jump relay and Crater the mile relay race.

Top individual efforts of the day included a 6-foot 2 inch high jump by Fred Thomas, Grants Pass, a 53-9/16 shot put by Mike Murray, Medford, 50.4 and 51 flat quarter-miles by Mike Russell, Medford, and a 12-4/16 pole vault by Mike Sparlin, Grants Pass.

Medford 16-11 in the high jump tabulation was just one inch better than that of Grants Pass. George Koch jumped 5-11, and Pete Rasmussen and Jerry Shults each had 5-6 for the Tornado while Sparlin and Buford Smith each 5-4 for the Cavemen. Frank Albert had a put of 47-6/16 and Jim Funston a shove of 46-1/2 in combining for the Tornado's 147-5/16 in the shot.

Almost Took Mile
Russell's 51 flat was in the distance medley which Medford won by a quarter of a lap. The 50.4 almost enabled the Tornado to take the mile relay. Crater and Grants Pass had that race pretty much to themselves for a while after the first lap. Medford lagged far. Then Ron Reich closed the gap considerably in the third leg.

Russell, starting the anchor lap, was 80 to 90 yards behind the leaders. He overtook Paul Lindquist of the Cavemen on the home stretch and was only a yard or so behind Jerry Kime when the Crater anchor hit the tape. Sparlin's top vault was just one-fourth inch short of the

record for the event. John Harvey, Medford, taking second with 12 feet, his best effort, indicated that he may challenge the GP man for district laurels.

Jones Comes Up
Grants Pass took the quarter-mile relay by 15 strides, with Jim Klett leading in the Marshfield anchor. Medford finished third and a bad first baton exchange kept it from doing better. John Jones of the Tornado ran a torrid last lap. The GP two mile team won with fair ease and the Cavemen 880 crew by about nine yards.

Marshfield's 56-8/16 in the broad jump compared to Medford's 55-5/16 for second place. Pirate jumps were Walt Hunter 19-3/4, Gary Fossi 19-2/4 and Ray Bright 17-9/16. Lindquist of GP with 19-9 nipped Hunter for best leap honors.

Wingham had the wind behind him for the long javelin toss but maintained that factor didn't actually help his long throw.

All of yesterday's competitors here are expected to enter the Hayward relays at Eugene next week end.

RESULTS:
440—Grants Pass (Peebles, Terry, Rembert, Klett); Marshfield, Medford; Crater, Klamath Falls; Ashland, 43.1.
880—Spurgeon, Marshfield; Rose, Grants Pass; Murray, Medford; Barkdale, Ashland; Humphrey, Klamath Falls; 1:57-5/16. (New record, old record 1:46-5/16, Brophy, Medford, 1953.)

Two-Mile—Grants Pass (Anderson, Johnson, Barrett, Morrison); Klamath Falls; Medford; Marshfield; Crater, 8:46.0.
Shot put—Medford (Murray, Albert, J. Funston); Grants Pass; Marshfield; Klamath Falls; Crater; Ashland, 54.1.
Discus—Spurgeon, Marshfield; Rose, Grants Pass; Murray, Medford; Barkdale, Ashland; Humphrey, Klamath Falls; 157-5/16. (New record, old record 146-5/16, Brophy, Medford, 1953.)

Broad jump—Marshfield (Hunter, Bright, Rossi); Medford, Grants Pass; Crater; Klamath Falls; Ashland, 56-8/16.
Shuttle hurdles—Grants Pass (Rembert, Mayott, Clark); Medford; Klamath Falls; Crater; Marshfield; Ashland, 36.2.
Javelin—Wingham, Grants Pass; Spurgeon, Marshfield; Burton, Crater; Pathman, Medford; Seve, Klamath Falls; Distance 207-5. (New record, old record McFarland, Grants Pass 182-3/4, 1953.)

Mile—Crater (Bennett, Woods, D. Gillespie, Kime); Medford, Grants Pass; Marshfield; Klamath Falls; Ashland, 3:39.4.
High jump—Medford (Koch, Shults, Rasmussen); Grants Pass; Klamath Falls and Crater tied third; Marshfield 16-11.
Pole vault—Sparlin, Grants Pass; Harvey, Medford; Hughes, Marshfield; Eldred, Crater; Olivera, Klamath Falls, 12-4/16.

REDS ARRIVE SATURDAY
New York—Eight Russian wrestlers, all of whom have held world, Olympic or national championships, arrived by plane Saturday for four meets against United States stars. The United States strong boys who will meet the Russians will be selected after the National A.A.U. Championships end tonight at San Francisco.

CAVEMEN WIN TWO-MILE—Anchor-man Walt Morrison crosses the finish line to give Grants Pass victory in the two-mile event of the Rogue relays here Saturday. The Cavemen took five other firsts and won the meet with a total of 90 points. Other participants in order of placing in the final scoring were Medford, Marshfield, Crater, Klamath Falls and Ashland. Holding the tape here is Bill Newland, father of Bob Newland, ex-Medford high track tutor. Timer shown is John Reed, coach at McLoughlin Junior High school.

VISITING IN NEW YORK, Judge Manuel Urrutia, 57, slated to be next president of Cuba if Fidel Castro's revolution succeeds, says Dictator Fulgencio Batista will have to "kill 6,000,000 people to stay in power." (International)

MEDFORD TRIBUNE SPORTS

Lumberjacks Bump Raider Nine Twice

Ashland-Humboldt State college swept both ends of a doubleheader from Southern Oregon college by scores of 8-5 and 4-3 in two seven-inning baseball games played here yesterday afternoon.

The SOC Red Raiders managed to come from behind to take the lead in both games, scoring all their runs in the second inning of each game. The five run second inning in the first game was enough to put SOC in front but Humboldt came back with one run in the fifth and two each in the sixth and seventh to win.

The second game was the same story when the Raiders picked up their three runs in the second to lead 3-1 before Humboldt scored twice in the fifth to take the winning margin.

Wilber Has Three Hitter
Dave Wilbur of the HSC Lumberjacks pitched three-hit ball in the second game as winning pitcher. Dave D'Olive was the loser. Winning hurler of the first game was Jim Richardson with Kermit McLemore suffering the loss and giving up four hits and four runs in six innings.

Rich Dudley of the "Jacks" was the hitter of the day. He knocked out a single, double, and triple in four trips to the plate and knocked in one run in the first game. Dudley doubled in the second game in four trips to the plate but he got on twice more on an error and filder's choice.

Nick Ciznick of HSC also hit three for four in the first game picking up two singles and a double. Ron Maurer was the only Raider to get more than one hit in either game. He picked up two singles in the first game, driving in two runs.

McLemore Doubles
Leroy King let off the big Raider inning in the first game with a free pass and was sacrificed to second. Gordie Thoreson drew another walk and both runners moved ahead on an infield out.

Pitcher McLemore then doubled scoring both runners. Three more consecutive walks followed producing the third run and Larry Maurer's single brought in two more as the Raiders sent ten men to the plate.

Raider Jim Dietz led off the scoring spree in the second game by singling to right. Two errors following produced a run and a wild pitch by Wilbur sent across another. Larry Maurer knocked across the final run on a single to right.

The two wins gave Humboldt the series edge two games to one.

LINE SCORES:
HSC 300 012 2-8 9 1
SOC 050 000 0-5 6 1
Richardson and Orosco; McLemore, D'Olive (7) and Sward.

ROSE SWIMS TO NEW MARK
New Haven, Conn.—Murray Rose, Australia's 19-year-old record-buster, hung up his third mark in the National A. A. U. swimming championships Saturday in winning the 440-yard freestyle event at Yale's Payne Whitney pool.

Rose, winner of three gold medals in the 1956 Olympics, flashed the distance in 4:21.6 to win easily. His time was far and away better than runner-up Jon Henricks, a fellow Aussie teenager, who was timed in 4:36.9. Rose previously covered the distance in 4:19.5, a mark that has been submitted for world record recognition. Both he and Henricks are University of California freshmen.

Arizona State Drops Iowa
Tempe, Ariz.—Arizona State college at Tempe won 11 of 14 events Saturday night to soundly thump Iowa of the Big Ten 77-45 in a dual track meet.

Two new stadium records were set set — by Arizona State's Alex Henderson, the distance star from Australia, who ran the two-mile in 9:14.7, and Tom Whetstone of Arizona State, who highjumped 6'7 1/4".

Legend has it that a Hohner harmonica carried in the shirt pocket of Frank James, Jesse's brother, once deflected a bullet and saved Frank's life.

Marcoule, south of Paris, now generates 5,000 kilowatts but uses 10,000 kilowatts in doing so. But its new reactor will produce 70,000 kilowatts economically compared to 80,000 now being generated by Britain's Calder Hall.

By 1965, France plans to have an atomic energy plant turning out 800,000 kilowatts — or five per cent of France's current consumption of electrical energy.

TEERING OFF at Augusta, Ga., Ken Venturi, San Francisco, rated man to beat in Masters Tournament, is followed by large gallery before play starts. (International)

Palmer, Sneed Tie In Master Tourney

Augusta, Ga.—Sturdy young Arnold Palmer of Latrobe, Pa., dropped a 25-foot putt on the 18th green Saturday to tie Sam Sneed with a 68 and 211 total going into the final round of one of the tenets of all Masters golf tournaments.

Ken Venturi of San Francisco, second-day leader and a big favorite, dropped three strokes off the pace when he had a siege of three-putt greens for a two-over-par 74.

Sneed, the classic figure of the Masters with three previous triumphs, swept past the faltering Ken and it looked as if the free-swinging West Virginian had it all to himself with his 68.

Then a brigade of players began thrashing the treacherous back nine of the Augusta National. Three of them had a chance to tie Sneed with birdies on the 18th but only the compact Palmer made it.

GRANTS PASS WINNER IN FRESHMAN RELAYS
Grants Pass, the host school, won the annual Southern Oregon conference freshman relay track meet Friday.

The Cavekids came from behind in the final running event to finish in front of the second place McLoughlin Bulldogs of Medford by five points.

GP recorded 91 points and McLoughlin had 86. Crater placed third with 75 and Hedrick of Medford fourth with 39. Klamath followed with 38 and Ashland had four markers.

Win Five Events
McLoughlin and Grants Pass each won five of the 12 events. Crater's Max Burton copped the other two.

Bulldog scantiads took the shot put, high jump, 660-yard and distance medley relays and the discus. Jerry Winetrot was the discus winner. Mike Hood of McLoughlin, although he suffered a foot cut in the first relay, set a new high jump mark of 5 feet 7 7/8 inches. Al Funston put the eight-pound shot 51 feet 2 inches for the Bulldogs.

Grants Pass nabbed the broad jump, 440-yard, distance, shuttle hurdle, and sprint medley relays. Burton took the javelin and pole vault for Crater.

OLD MASTER—Bobby Jones, the Old Master, is pictured in character study during surprise appearance at Masters Tournament in Augusta, Ga., to dedicate two bridges over course streams in honor of Byron Nelson and Ben Hogan. Jones, one of golf's greatest players, has been ill and wasn't expected to attend.

Shot—McLoughlin (Funston, Holt, Bortis, Shaw); Crater, Grants Pass, Hedrick; Klamath Falls, 140-4.
High jump—McLoughlin (Hood, Charley, Ayres, Rix); Grants Pass, Crater; Klamath and Hedrick tied 4th, 15-3.
Broad jump—Grants Pass (Higginbotham, Hathaway, Meek); Crater; McLoughlin; Hedrick; Klamath Falls, 51-7.
Javelin—Burton, Cr.; Ray, GP; Phillips, KF; Davis, Mc.; Parke, H. 148-6.
Discus—Winetrot, Mc.; Nielson, Cr.; Hancock, KF; Sieg, H.; GP, A. 108-6.
Pole vault—Burton, Cr.; Lingren.

Kid Gavilan Victor Over Tiger Jones

Philadelphia — Come back Kid Gavilan, heartened by his "rubber" match triumph over Ralph (Tiger) Jones, set his sights today on the welterweight title he once held, and beyond that — the middleweight crown.

"My biggest ambition in life is a shot at the welterweight title," the "Keed" from Camaguey said. "After that, I want to fight for the middleweight championship. I think I can take Sugar Ray Robinson and I've already beaten Carmen Basilio."

The 32-year-old Gavilan can still dip into his story past for his famous left hook to help his quest for a return to the throne room.

The blow smashed into the body turned every tide and enabled him to gain a hard fought split-decision triumph over Jones of Yonkers, N.Y., in their nationally televised bout Friday night.

Gavilan gained his triumph, his 105th in a 15-year career, on the votes of judges Jim Mina and Nate Lopinson. Mina scored it 47-44 in favor of Gavilan under Pennsylvania's five-point-must system. Lopinson went 47-43 for Gavilan.

Referee Joe Sweeney saw it 46-44 for Jones. United Press had it 45-42 for Gavilan. The defeat was the 22nd for Jones in 71 bouts. Gavilan has fought in 141 matches.

Montreal Downs Spokane, 15-8

Vero Beach, Fla.—Montreal of the International league soundly trounced Spokane, 15-8, Saturday to give the Chiefs their third straight exhibition baseball loss.

Jim Gentile of the Pacific Coast league club led his team at the plate with a triple and a sacrifice fly for three RBIs.

NEW Johns-Manville Seal-O-Matic Asphalt Shingles

They hold tight in high winds because they are Self-Sealing

Here's the secret: The sun's heat seals the tabs automatically because of a special petroleum resin cement strip on the underside.

The butt edges are sealed down by the sun's heat.

No fear of damage in high wind... wind can't get under the shingles.

Traditional shingle design.

This development of Johns-Manville research is the most important contribution to roofs in the last 20 years. Seal-O-Matics seal themselves down—grip the shingles underneath with bulldog tenacity. Cost but little more than ordinary shingles. Your choice of many colors and blends. Come in and see them!

Jobless Dropping In State Totals, But Still High

Salem — About 8,300 fewer Oregon workers were seeking employment at the beginning of this month than last month, the State Unemployment compensation commission said Saturday.

The number of unemployed dropped from 73,600 to 65,300 during March but this was still above the first of April a year ago.

Improvement was noted in outside activities with a better March than Oregon usually experiences weather-wise. Employment increases in lumbering, construction and agricultural work were reported by local commission offices.

All offices noted a larger number of jobless in their area than in 1957 but only the Astoria and Ontario offices did not find an improvement during the past month.

Payments to insured unemployed reached \$5,636,921 during March, highest March total in the commission's history and only exceeded by the preceding two months.

The unemployment trust fund balance was at \$26,250,000 and employer tax rates would all have gone to 2.7 per cent if Gov. Robert D. Holmes had not requested a 14 million dollar loan from the federal government.

Insured claimants dropped from the mid-January peak of around 52,000 to about 39,000, but the number of people who have drawn all their benefits now stands at about 13,000. This is more than twice the number of persons who had exhausted their benefits at this time last year.

Most of those who have exhausted their benefits are still without jobs, the commission said.

France Plans To Become Atom Power in 1958

Paris — France intends to become a major atomic power in 1958.

The nation whose scientists first discovered radioactivity in 1896 feels it has finally reached the point where it can join the "atomic club" hitherto monopolized by the United States, Britain and the Soviet Union.

Membership has been limited to these three nations because they alone have the atomic bomb. But rumors have been circulating here for months that the French may explode their own atom bomb this spring.

Whether the French do or not makes little difference from their point of view, since they are hard at work on many other projects.

The Handicaps
An atomic submarine is under construction and private industry may start work this year on an atomic tanker. New energy-producing plants also will open up.

The new developments not only will put France in a better political bargaining position, but also give the nation a badly needed psychological shot-in-the-arm.

During 11 patient and often frustrating years, French scientists have been working on building up the country's atomic energy program. Britain, America and Russia all got off to a head start while France was under wartime occupation. Also the French have been hampered by lack of money, lack of basic atomic information and lack of trained scientists.

At present, France has 7,000 atomic scientists and technicians. Under a new program she hopes to get 12,000 more.

Isotope Factory
Also under the new program, France will benefit from additional equipment. Two new atomic piles should start operating this year, and three next year.

The government is also building an isotope factory to produce uranium 235 essential to bombs, engines and power stations. The nationalized electricity industry is building at atomic power station in the Loire Valley town of Chinon.

The atomic energy plant at

CHEVROLET MOTOR OVERHAUL

6 Cyl. 1937 to 1954 Models ONLY!

REGULAR \$118.05 Value Only **\$82.55**

WE WILL:
● Steam clean engine
● Install piston rings
● Install piston pins
● Grind valves
● Clean & reface rocker arms
