

British Budget Proposals Presented

London — Britain's Conservative government puts its 1958 proposals before Parliament today. They are aimed against inflation, with promises of a quick policy shift if the U.S. business recession strikes Europe.

Chancellor of the exchequer, Sir James Dugan, will be presenting his first budget since taking over the nation's top economic post from Peter Thorneycroft in January.

Nine U. S. Presidents have been Episcopals.

Jakarta Paper Says Filipinos Helping Rebels

Singapore — The Jakarta newspaper Bintang Timur today accused U. S. diplomatic and military officers in the Philippines of "openly aiding" the Indonesian rebels.

It also accused Philippines President Carlos P. Garcia and Foreign Minister Felixberto M. Serrano of giving "open aid" to the rebels, now facing a combined land-sea attack in Sumatra to crush their last stronghold.

Warning on Intervention

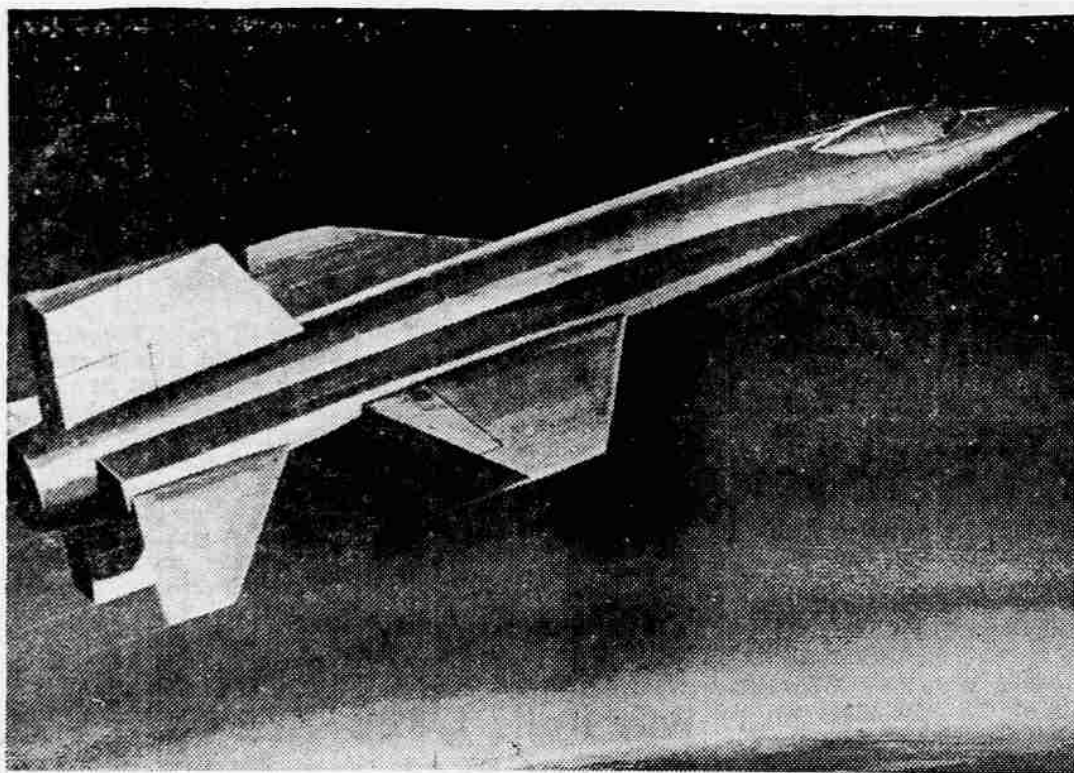

At the same time the Indonesian government warned against "foreign intervention" in Indonesia and reported that an American-made B25 bomber presumably based in the Philippines had raided Makassar Airport this week end.

Bintang Timur specifically named Paul Kattenburg, a U. S. Embassy official in Manila, as one of the Americans aiding the rebels. It also listed U. S. Navy officers stationed at Sangley Point and Clark Field, Dr. Yung Ross, a Chinese-American member of the U. S. Veterans Association of Manila, and a James Fleming, identified as an "American pilot flying for the rebels."

Loyalists Massing
United Press Correspondent Robert Monahan in Jakarta reported that government troops which left the Indonesia capital during the last three days were said to be massing in East Sumatra for a final overland assault on the rebel forces.

Government warships were reported gathering off Sumatra's West Coast for a simultaneous amphibious attack. The landing was expected momentarily.

The hermit crab lives in another creature's shell and moves each time the quarters become too small.

MANNED MISSILE—Pictured here is the first official artist's conception of the X-15 rocket-powered airplane under development at the Los Angeles Division of North American Aviation. The plane, expected to make its first flight sometime next year, is designed to carry man higher than he has ever flown before—100 miles above the earth.

Navy To Inactivate 48 Ships in 1959

Washington — The Navy announced Monday that 48 ships including four aircraft carriers, four cruisers, 11 submarines and one destroyer would be inactivated during fiscal 1959.

To be placed in the mothball fleet in the Pacific Northwest include the carrier Boxer, destroyer escort C. E. Brannon and the aviation tender Kenneth Whiting, which will be assigned to the Bremerton Reserve Group, and the destroyer escorts Spangler, U. M. Moore, Goss and Gilligan, and auxiliaries Sussex, Chama, Karin and Merapi, which will be assigned to the Portland, Ore., Reserve Group.

Air mileage from Tokyo to San Francisco is 5,250 miles.

Lack of Enthusiasm Shown By Voters in New Jersey Election

Newark, N. J. — New Jersey voters headed for the polls today to select nominees for Congress in an off-year primary election distinguished by the presence of many candidates and the absence of visible public enthusiasm.

Both parties must resolve a three-cornered contest for the U. S. Senate nomination in the scramble for the seat to be vacated by the retiring Republican H. Alexander Smith. Test for Meyner.

All 14 congressional seats also will be on the block with contests in six of the districts. Gov. Robert B. Meyner announced his support of former Rep. Harrison A. Williams Jr., in the Democratic senatorial contest, with the result that his position as party leader will undergo a critical test.

Knock-down battles for the control of local political organizations also will be headlined in the numerous municipal and county contests on today's board.

A United Press survey showed 2,734,390 persons registered for the election, but most observers expect a vote of only between 500,000 and 700,000.

Other Candidates

Williams has the backing of all but two of the county Democratic organizations. Other Democratic senatorial candidates are Mayor John J. Grogan of Hoboken, president of the Marine and Shipbuilding Workers International union who is backed up by Hudson and Atlantic county organizations and the state AFL and CIO organizations; and Joseph E. McLean, state commissioner of conservation and economic development.

Republican senatorial candidates are Bernard M. Shanley, former appointments secretary to President Eisenhower; Rep. Robert W. Kean, and Robert Morris, former counsel to the Senate Internal Security committee.

Reeds Lose Round In Road Dispute

Portland — A father and son involved in a dispute with the State Highway commission and who were hospitalized after an altercation resulting from it lost a legal round in Circuit Court Monday.

Frank Reed, 84, and his son, Francis, 54, were treated in a hospital last week after an incident with a construction crew on their property at Reeds landing near Corbett.

Circuit Judge Paul R. Harris ruled that the state had the right to possess the land before a jury decides how much Reed should receive in damages.

Inventor of Traffic Signal Dies at Home

Salt Lake City — The man who invented the first electric traffic signal died in his Salt Lake City home Monday of a heart attack.

He was Lester Farnsworth Wire, 70, a long-time local policeman who helped solve 43 murders.

COMMUNIST DIES

Baltimore — Frank R. Kent, 80, one of the foremost political Communists in Maryland and a syndicated political writer, died Monday in Johns Hopkins Hospital.

Only With Your Help Can She Know Truth

Don't Let Lies Win The Battle For Her Mind!

What goes into little Marinka's mind today will affect you profoundly five or ten years from now. If she learns only the Communist "party line," your future is in danger. But she can learn the truth if you help.

Little Marinka's classes are not at all like those your daughter attends. In civics class, she learns to report on her parents' every "incorrect" political statement. Her geography teacher tells her how American troops "occupy" Western Europe and threaten the borders of her country. And in her physical education class, Marinka will be taught how to operate a rifle.

How is she to learn the facts? How will she know we want only peace? The truth can still get through to her. Because Marinka's family and millions of other oppressed people behind the Iron Curtain can still listen to Radio Free Europe. Every day, every hour, the 29 super-powered transmitters of this freedom network are at work, overpowering Red efforts at "jamming," slashing through Red lies, renewing hope that freedom will some day return behind the Iron Curtain.

What you must do:

Radio Free Europe needs your help to stay on the air. It is a private organization supported by the American people. Your dollars are needed to help operate its transmitters, pay for equipment, supplies, announcers and news analysts. Freedom is not free! Send your truth dollars today to Crusade for Freedom, care of your local Postmaster.

Send your truth dollars to **CRUSADE for FREEDOM**
Care of your local Postmaster

This monitoring receiver can wear out, must be repaired at great cost. Send your dollars! Keep Radio Free Europe operating!

Without your help, his voice is stifled. Your truth dollars pay the salaries of announcers like him. Are you giving?

It costs \$1 a minute to put freedom on the air. One dollar "buys" one minute of time on Radio Free Europe. Keep it on the air!
