

Annual Tea Set Friday At Hillcrest

Ten well-known women of the valley will pour for the annual tea to be given Friday, April 18, by the Medford committee of the Jackson County unit, American Cancer society. The tea has become one of the traditional large benefit events of spring, and is held each year at Hillcrest orchard.

Pouring this year will be Miss Elizabeth Burr, Mrs. Stephen G. Nye, Miss Claire Hanley, Miss Mary Claire Mrs. Otto Frohnmayer, Mrs. Martin Luther, Mrs. Marjorie Pitts, Mrs. Leonard Mayfield, Mrs. H. D. Christensen and Mrs. J. P. Tobin.

"Glamour Spots of the World" will be the topic when Philip Cummings speaks Friday, April 18, for a meeting of Siskiyou Knife and Fork club at the Plaza cafe in Ashland. This will be the last meeting of the season for Siskiyou club.

Society Members Complete File Of Herb Magazine

The last meeting of the Rogue Valley Herb society was held at the home of Mrs. Arthur B. Kneass in Medford. A social hour preceded the meeting. Refreshments were served by the hostesses Mrs. Ruth Simmons and Mrs. Kneass.

Roll call was "what new herb seeds did you plant this spring?" The society librarian, Mrs. John Holst reported that the club now has a complete file of back issues of "The Herb Grower magazine" for the library. Some 42 free copies of the magazine were given the society by Miss E. Seipp, a charter subscriber living in New York City, so that more people could have the benefit of them. It is of interest to note that "The Herb Grower magazine" published quarterly in Falls Village, Conn., is the only publication in the world devoted to herbs.

Mrs. Otto Nagel and Mrs. Edgar Vanderlip acted as moderators for the panel discussion: "what do you want to know?" Society members asked many questions regarding culture and uses of herbs. The panel also identified many herb plants for members of the society.

An herb plant sale followed the meeting.

Mrs. Ed Houston and Mrs. Littlefield reported on the lecturer's school held in Ashland.

A guessing game on nursery rhymes was won by Mrs. Kee. Mrs. Vanderlip was program chairman. Reports were also given by Mrs. Walter Cross and Mrs. Ed Stothers.

Shady Cove HEC Meets At Vanderlip Home

Shady Cove — Shady Cove Grange Home Economics club held the last meeting at the home of Mrs. Edgar Vanderlip. Roll call was on childhood Easter memories and during this it was noted that the Easter bonnet seemed of more importance than the eggs.

Mrs. Cecil Kee reported on the 4H club skit given for the Friendship Follies, and that plans are being made to form another club. Mrs. T. M. Littlefield brought posters to give out to advertise the Grange meeting April 19 at which William Jess and representatives of the Army Corps of Engineers will speak on flood control and water storage. The meeting will be held at the Shady Cove school gymnasium.

Delegate Leaving Tomorrow

Mrs. Dunbar Carpenter is to leave by air Thursday morning for Atlantic City, N.J., where she will attend the 23rd convention of the League of Women Voters of the United States.

She is the first vice president of the Medford League and one of a number of Oregon women attending the convention.

United States foreign policy and national water resources will be subjects of major discussion at the convention, which will begin Monday and continue through Friday, April 25.

Local and state leagues throughout the country have expressed foremost interest in the two topics for study and action over the 1958-60 period. Recommendations for the national program were made by 721 of the over 1,000 local and state leagues.

Of the total, 503 recommended an item in the foreign policy field and 487 proposed an item on water resources. The two topics and others will be debated on the floor of the convention and decision for the new program will be by vote of the delegates, according to a press release from the national office at Washington, D.C.

Dr. Henry A. Kissinger, director of special studies of the Rockefeller Brothers Fund and associate director of Harvard University's Center for International Studies, will address the convention on foreign policy. He is the author of the recent book "Nuclear Weapons and Foreign Policy."

Officers will be elected for the coming term during the many business sessions planned for the convention.

A light touch will be a "hat parade" related to foreign trade, as a league member from each state will model a hat depicting exports from and imports to her state. She also will wear a sandwich board carrying a message to her state's congressional delegation.

The League of Women Voters is a nonpartisan organization established in 1920 to study and act on governmental issues. It does not support or oppose political parties or candidates.

After intensive study it may take a position on an issue provided there is a consensus among the membership. It then supports or opposes specific legislation.

There are approximately 128,000 members in the United States, Alaska, Hawaii and the District of Columbia.

Southern Pacific Cuts Freight Rates

San Francisco — Southern Pacific Railroad announced Tuesday it would reduce freight rates on lumber and lumber products moving in California, Oregon and Arizona effective about May 20.

New rates for lumber moving from Oregon and California into Arizona will meet truck tariffs for minimum carloads of 40,000 pounds, an SP spokesman said. Lower rates for carloads of 60,000 and 70,000 pounds will bring additional savings to shippers he added.

New incentive rates for California intrastate and Oregon-California shippers will be about 30 per cent below present tariffs for 60,000 pound and 70,000 pound carloads. Most railroad lumber traffic moves in this weight category.

Corvallis — Benton County Circuit Judge Fred McHenry has been asked to issue an order restraining District Attorney John B. Fenner from "molesting" free-play pinball machines in Benton county.

Ed Heideman, pinball machine owner, has filed the legal action, naming Fenner, Sheriff C. N. Lilly and Attorney General Robert Y. Thornton as defendants. He alleged that the machines have been considered legal in the state "for years."

Heideman lists 15 places in the county where his machines have been operating.
