Stocks Rise After Early Brief Chill

New York — Stocks resumed their rise today after a brief chill early in the day when the list felt the impact of a big batch of adverse corporate news.

This bad news included a \$15 million first quarter loss and a dividend cut of 75 cents to 25 cents for Chrysler, a halving of Bethlehem's first quarter profit, a dividend cut for Electric Auto Lite and a sharp decline in Jones & Laughlin's income.

All of these except the Chrysler dividend cut had been anticipated. The Chrysler incident sent that issue down to a new low of 44 1/2% points, from which it rallied. Other motors were steady to firm with General Motors at a new high for the year on a rise of nearly a point.
