

NOTHING...smooths, softens, satinizes skin better than Lanolin Plus Liquid

Exclusive formula, 5 times richer in pure lanolin, begins where nature leaves off, to help skin stay gloriously young

To look young and radiant, your skin needs a steady supply of vital oils. But, as skin matures, nature often becomes stingy with these oils. Then come dryness, lines and wrinkles.

That's when you need LANOLIN PLUS LIQUID. Its exclusive patented formula contains *five times more* lanolin than any other cosmetic. It restores to dry skin nature's closest duplication of your own skin oils. At its touch, your skin becomes petal soft... so fresh, so smooth, younger looking. Use LANOLIN PLUS LIQUID as *cleanser, make-up base, night conditioner*. Five-times-richer LANOLIN PLUS LIQUID is also the ingredient in all LANOLIN PLUS Aids to Beauty.

Gardening made breezy

by Paul Steiner

In order to live off the garden, you practically have to live in it.—"Kin" Hubbard.

Nobody ever called a spade a spade when he tripped over one in the dark.—Anonymous.

I value my garden more for being full of blackbirds than of cherries and very frankly gave them fruit for their song.—Addison.

The lazy householder can always console himself that the snow he doesn't shovel will cover the leaves he didn't rake up on the lawn he didn't mow.—Edmonton (British Columbia) Journal.

The secret of gardening success is "Trowel and Error."—Anonymous.

It isn't easy to be a good mother and a good gardener. Either the flowers or the children are apt to run wild.—Page Cooper.

The more help a man gets in his garden, the less it belongs to him.—W. H. Davies.

Gardening: man's effort to improve his lot.—Arthur Godfrey.

Gardens are not made by singing "Oh, how beautiful," and sitting in the shade.—Rudyard Kipling.

The lazy way to enjoy a beautiful, productive garden is to live next door to one, and cultivate your neighbor.—Mrs. Richard Fisher.

Gardeners will be interested to know that the government says it's the soil that's overworked.—Anonymous.

Don't throw away the empty seed packets. They are usually just the right size to store the crop.—Red Skelton.
