If Alaska becomes a state, it will rank eighth in recoverable coal reserves with about 100 billion tons still to be taken from the ground.

Ohio Election Favorites Win; Alabama Primary Run-Off Seen

By UNITED PRESS Ohioans nominated gubernatorial candidates, and Indiana voters renominated that state's 11 congressmen in primary elections Tuesday. The Alabama Democratic primary for governor, however, appeared headed for a run-off.

In Ohio, Republican Gov. C. William O'Neill and Democrat Michael V. DiSalle won gubernatorial nominations and the right to face each other in the November elections for the second time in two years. Both had been favored to win their party's nominations.

Run-Off This Month Alabama's Attorney General John Patterson and Judge George Walker paced a field of 14 segregationist candidates in that state's Democratic gubernatorial primary. A run-off between the two will be held later this month for the nomination, which virtually assures election.

Five of Indiana's incumbent congressmen won handily against party foes and the other six were renominated without opposition. Renominated in party contests were Democratic Rep. Ray J. Madden in the 1st District, and Republican Reps. Cecil Harden, 6th; William Bray, 7th; Ralph Harvey, 10th, and Charles Brownson, 11th.

O'Neill trounced former Cincinnati Mayor Charles P. Taft in the top Ohio contest. Taft said he entered the primary merely as a standby candidate. He said he suffered a mild heart attack in January. DiSalle defeated five other candidates, including Mayors Anthony Celebrezze of Cleveland and M. E. Sensenbrenner of Columbus.

All 14 Alabama gubernatorial candidates had campaigned as fighting segregationists and there was some racial tension during the balloting.

Four Negroes were arrested in racially tense Montgomery, Ala., on a charge of loitering at the polls. Patterson, who led in the

DO NOT DISTURB London — Contractors suspended all repair work in the Naval and Military club here after a woodpigeon decided to nest in the ceiling. The eggs are expected to hatch next week.

Drivers Licenses Suspended Listed

Salem — The department of motor vehicles has released names of 432 drivers whose licenses were ordered suspended during the period beginning April 23 and ending April 29.

Length of suspension varies, depending on charges involved, recommendation of court, discretionary action by the department or requirements of Oregon law. The department said some of the licenses involving financial responsibility and court recommendations may have been re-instated after suspension was ordered.

The department warned drivers that the penalty for driving while suspended is a jail sentence of no less than two days and up to six months and there may be imposed a fine up to \$500. Under licensing procedures, this will also result in an additional year of suspension.

Those suspended in Jackson county were: Driving While Suspended — (Includes any conviction for violation of traffic laws, involving operation of motor vehicle, while driving privileges were under suspension) 1 year.

Alta Pearl, 64, of 64 Freshman st., Ashland, failure to pass examination, 1 year. Financial Responsibility — (Failure to show proof of financial responsibility) 1 year.

31,868 Chinook Salmon Pass Over Bonneville Portland — Some 31,868 spring Chinook salmon have passed over the ladders at Bonneville dam this season. When the total reaches 60,000, the delayed commercial fishing season will be reconsidered, according to the Oregon and Washington fishery departments.

Deadline for Auto Contest Extended

The deadline of the contest to estimate the value of the automotive business to the local economy for 1957 has been extended to 6 p.m. Saturday, May 10, according to a spokesman for the program.

The contest is a part of the "Keep Medford's Economy Rolling—You Auto Buy Now" campaign currently underway in this area to stimulate consumer buying.

Representatives of the auto dealers offered the following information to aid the public in arriving at an estimate: Nearly 400 people were employed by the dealers on a regular basis during 1957, and an estimated 2,000 new cars were sold in Medford last year, with more than twice that number of used cars. In addition, the source revealed that at least one of the larger dealerships reported a volume of more than \$3 million.

There are a total of 14 franchised dealers in the Medford area who should be considered in arriving at an estimate, it was pointed out. The official entry blanks are available at any of the participating automobile dealerships at the banks and at several other locations in Medford. Estimates may be deposited with the dealers.
