Our nation has grown up—and is still growing . . . on the wheels of our mighty industries. One of the greatest of these is our mighty automobile colossus . . . a backbone of our strength in war and peace. It has changed the way of life of our people . . . and has expanded until today it is the source of livelihood for one out of every seven Americans. When you inspect the 1958 models in the dealers' showrooms this week you can see today's automobile is a far cry from those produced 20, 10, or even 5 years ago. The reason is simple: to stay in business each auto manufacturer must constantly strive to bring you the safest, strongest, most comfortable auto possible—at the best price possible.

Today's cars are the best ever produced. Isn't it time your family had a new car? Stop into your dealer's showrooms tonight. Help keep Medford's Economy Rolling!
