Library Personnel Attends Conference

Staff members and associates of local school and public libraries are in Roseburg this weekend to attend the annual conference of the Oregon Library Association and the Douglas County library's open house.

Roseburg was selected as the place for this year's conference so librarians and trustees of Oregon might inspect the organization and operation of the state's newest and most modern county library system.

The annual conference will commence with a meeting of the association's executive board tonight.

General Session

The first general session Friday morning will be devoted to questions concerning library trustees and the responsibilities of library boards in the government of public and county libraries.

Attend From Here

Other topics to be discussed at general conference sessions are "Personnel Problems and Training for Librarianship," and "New Orbits for Oregon Libraries." A breakfast for school librarians will be held Saturday morning, and the concluding affair on the program will be Saturday afternoon luncheon at the Roseburg Country club.

New Wage Demand Presented in Hawaii

Honolulu — The International Longshoremen's and Warehousemen's Union's negotiating committee has presented a new 25-cents-an-hour wage increase demand to Hawaii's strike-bound sugar industry.

The new proposal, termed by ILWU's President Harry Bridges as "final," followed intensive bargaining sessions held Wednesday in an effort to settle the 104-day-old strike.

It calls for a two-year contract in which a 16 cent raise would be effective immediately and another 7 cents added as of Feb. 1.

The ILWU package further seeks an upgrading of top bracket workers amounting to about \$500,000, or an increase of 2 cents an hour per worker.

Tuesday, the union overwhelmingly rejected a management offer of 15 cents an hour.
