

SUBMITS SUGGESTION—For submitting office department. Seen presenting the award to Jahn are Assistant Postmaster parcel post at the Medford post office, Norman Jahn, clerk, received a certificate Stanley Sherwood.

TABLE ROCK Community Club Meets

By R. E. NEALON
Table Rock—The last meeting of the local community club held Saturday, April 26, was attended by a larger number of members and visitors than usual. A mixed program of songs, readings, short plays and skits was well received as was also the cake walk which netted some \$21 for club expenses. Committees were appointed to arrange for the last and final meeting of the season, to be held at Tou-Velle park, in June.

Among relatives from a distance attending the Willard Howsley funeral in Medford Tuesday, was the Eugene Narimore family of Klamath Falls, former Table Rock residents.

Corn planting is under way here with some 50 acres being planted on the Table Top ranch for ensilage to be used as winter feed for their 600 white face cattle. Some smaller acreages are being planted, among them is a field on the Sage place put in by Ed Robinson and a small acreage by Sam Glass.

Some 70 members of the Medford West Main Church of Christ met here Sunday, April 27, at the Everett Brown home, where they had a picnic lunch on the lawn. Later most of those present climbed Upper Table Rock.

We were among several local Republicans who attended the Roosevelt Memorial dinner in Medford Saturday evening. We noticed more of this political faith than usual at these memorial dinners, so asked Mary Kelly, how come. She replied, that they tried to get the Republicans to attend as it gave them a better chance to educate them.

We noticed several postmasters at our table, and one postal inspector, who all seemed to be in a jovial mood, and having a big time. From their conversation, we figured they were all Democrats. Many candidates were present, and introduced; all getting big hands. Our applause meter on the higher ups, gave the letter from Gov. Holmes first place, Harry Truman next, with Mrs. Roosevelt and Mary Kelly following. Mary Kelly is said to be the original

of these Memorial dinners. Of course Senator Morse was the star performer, getting frequent and spontaneous applause. We met Marian Town of Talent, the first lady to serve in the Oregon legislature, who we remember quite well, we are not going to say how far back, but her sister, Nell Town was a teacher in the local school, and came within a hair's breath of giving us a switching for bringing a live lizard to school. All in all, it was a wonderful evening with the grand soul stirring program, which was well worth the price of the tickets, without counting the tasty dinner of home cooked food.

"Elmer Blurk," the high powered "you ought to buy now" car salesman must have struck here, as Ray Bosworth now has a new Rambler car, with which he says he gets 30 miles to the gallon.

The regular meeting of the local Ladies club has been postponed until Wednesday, May 21, at the home of Mrs. J. S. Richardson.

According to a telephone call from Gold Hill, there is a zoo there that would have taken the black coyote pups mentioned in our items, and paid a good price for them.

Mrs. Ray Doran and daughter, Linda, returned Wednesday from Ft. Riley, Kan., where they accompanied Mrs. Dale Shultz, and young son, who will remain there for the duration of Shultz's training activities with the U.S. armed forces.

Charles Gray, hunting guide and flying instructor, and Larry Gastavitch of Fairbanks, Alaska, were flying

visitors here at the E. W. Robinson home Saturday. Joined by Ed Robinson, they flew to the lower Rogue, thence by boat to the Francis Russell cabin, where they later were joined by Ed's wife, Joyce, the party flying back to Medford Monday, the visitors leaving that evening for Monterey, Calif.

Gray is famous for his wild animal hunting by plane, he and a companion having killed

43 wolves during the spring. The bounty for the hides running from \$25 to \$50. The Robinsons and Gray were neighbors in Alaska, when Ed was doing his military hitch for Uncle Sam.

The residents of our little community were severely shocked, Sunday by the unexpected death that morning of Willard Howsley, a long time resident, having located

in the district more than 40 years ago, all the time since being spent here, except a period with the U.S. Army in World War I, and several months in Grants Pass. During his residence here, he was known as a quiet, unassuming man, diligent and trustworthy, being a faithful employee of the Modoc and

Hull orchards, the latter he had been with for the past 18 years.

Congresswoman Still In Race Despite Husband

St. Paul, Minn.—(AP)—Congresswoman Coya Knutson (D-Minn.) came out of hiding Saturday and said she has no plans to quit politics despite the furor kicked up when her husband asked her to choose between her career and her home.

"I absolutely will run for Congress," Mrs. Knutson said, "and I am confident I will be re-elected because I have done a good job."

The honey-blond congresswoman appeared here Friday night after having remained in seclusion in Minnesota since her husband issued his statement Wednesday.

The husband, Andrew Knutson, 46, said in Oklee, Minn., he wanted his wife to quit politics and patch up their home life. Knutson operates a hotel in Oklee (population

497). When asked why she thought her husband issued his statement, Mrs. Knutson laughed and turned to John Michaels, Democratic chairman in her congressional district, saying, "You answer that, John."

Michaels said, "Family life doesn't have so much to do with this as politics."

Our country's business is OUR business. Let's have a more competent, economical and efficient management. For a well qualified and competent candidate who will be elected in November, the Democratic voters of Jackson County should nominate—

Nita B. Zumwalt
Pd Ad, Nita Zumwalt for County Clerk, 42 Rose Ave., Medford.

Medford Man Gets Award From Post Office Department

Norman Jahn, clerk at the Medford post office, who lives on the Foothills rd., recently was awarded a certificate and cash award for a suggestion that Jahn put into operation to speed parcel post distribution at the Medford office.

Jahn's suggestion is especially useful to speed distribution of parcel post during rush periods, such as the Christmas season, when temporary employees are working. It consists chiefly of a "sack scheme," lettered along the side of the parcel post conveyor belt, making it easier for the clerks to locate, and learn, the sack addresses into which certain addresses go. There are 74 different sack numbers, besides the large tubs for business parcel post.

The certificate is signed by Postmaster General Arthur Summerfield, and by Samuel G. Schwartz, regional director. The letter accompanying the certificate says, in part:

"It gives us great pleasure to award to you a check and a certificate of award in recognition of your efforts to improve postal operations. Thank you for submitting this suggestion. We hope that you will continue to submit ideas which will result in improving our way of doing things."

During the last six months of 1957, employees of the Medford post office submitted 10 suggestions, and two awards were received, which was the highest number for any post office in the Portland district except Portland. Medford's participation rate of 15.6 per cent was the highest in the district. In the region, only Portland, Seattle, Tacoma and Spokane have submitted more suggestions, or received more awards, than Medford.

Two Men Plead To Robbery Charge
Portland — (AP)—John William Jones, 23, Malwaukie, pleaded guilty to an armed robbery charge here Friday and Richard Dewey White, 30, also of Milwaukie, pleaded guilty of robbery by force and violence.

The two were accused in connection with the robbery of Harris J. McGill, 66, of Seattle on Feb. 6. McGill was found wandering in a dazed condition and he reported that the two men had taken his car, robbed him, slugged him on the head and then pushed him out of the car.

Authorities said McGill is now suffering partial blindness and amnesia as a result of a skull fracture.

Tractor Deaths Rise In State

Portland — (AP)—Tractor accident fatalities among middle-aged men in Oregon increased several times over those occurring in 1956, the ported Friday.

The increase, from only three deaths in 1956 to 14 last year, was discovered during a routine check of 1957 mortality figures by the health boards' vital statistics section.

Dr. Harold M. Erickson, state health officer, said fatal tractor accidents among all ages increased 68.7 per cent from 16 during 1956 to 27 last year. A total of 15 of last year's fatalities occurred on farms, seven were associated with logging operations, three were in the construction industry and two were on the home premises.

Baker, Douglas and Lane counties each recorded three fatal tractor accidents last year. Two each were listed for Clackamas, Linn, Multnomah and Washington counties, and one each was recorded for Benton, Coos, Curry, Jackson, Malheur, Marion, Umatilla, Willows, Wasco and Yamhill counties.

Luton, England — (AP)—Charles Wilson, who claims to have built the world's smallest working television set, said Saturday he now will build another one inside a bottle. The 45-year-old radio and TV enthusiast said it took him nine months to build his miniature set which is only 1 1/2 inches tall. It can receive standard telecasts.

It's easy for the girl who knows shorthand to get a good job with good pay nowadays. But with lunches and shoes and shower presents so expensive, it's harder than ever for her to save.

That's why so many working girls are investing in Savings Bonds on the Payroll Savings Plan. Once you tell your pay office how much you want to save each payday, you can relax and know that your saving is being done for you. Automatically your money will go into safe and sure U. S. Series E Savings Bonds.

And now every U. S. Series E Bond bought since February 1, 1957 pays a new, higher interest — 3 1/4% when held to maturity! It matures faster, too, in only 8 years and 11 months. And redemption values are higher, especially in the earlier years.

Is your boss a handsome bachelor? Is he considerate? Have a sense of humor? If so, marry him quick. If not, it makes good sense to invest your hard-earned dollars in Savings Bonds. Then you can make a lot of good things come your way. Like a trip to Europe. Or a car of your own. (And if a man happens along, too — so much the better. You'll need extra money then for things like feminine frills and frying pans.)

So start investing today in Savings Bonds — either on the Payroll Savings Plan where you work or regularly where you bank.

PART OF EVERY AMERICAN'S SAVINGS BELONGS IN U. S. SAVINGS BONDS
