

You can not brush bad breath away!

Almost everyone uses tooth paste... yet almost everyone has bad breath occasionally. Germs in the mouth cause most bad breath. No tooth paste kills germs the way Listerine Antiseptic does—on contact, by millions. Listerine stops bad breath four times better than tooth paste. Rinse with Listerine every time you brush your teeth.

"MY BACK IS KILLING ME"

—why put up with sluggish kidneys... when relief is often so swift and easy to obtain?

If you suffer backache, dizziness, lack of energy, restlessness, getting up nights... the answer may be swifter, more effective than you'd dare to think.

These conditions may be caused by functionally sluggish kidneys, mild bladder irritation.

For 50 years, people have found swift, effective relief by using De WITT'S PILLS. This famous diuretic stimulant for the kidneys 1) flushes congestive waste material out

of kidneys; 2) increases circulation of blood through the area; 3) reduces irritation of kidneys and bladder; 4) fights infection and resists reinfection of the urinary tract.

No need to wonder when De WITT'S PILLS are at work—you can see. When "the blue comes through" you know De WITT'S PILLS are already in action.

As You Were Saying...

"... Until Death Do Us Part." Waiting my turn in the doctor's office, I noticed an elderly couple sitting opposite me. They were so old and frail, so wrapped in an aura of affection for each other, it was strangely moving. He kept smiling tenderly at her, and she constantly reached out to pat his arm reassuringly. When the nurse came for her, the old gentleman rose, too. "Do you wish to go with her?" the nurse asked. "Always," he replied. "To the very end."—F. E. Huston, Orlando, Fla.

The Benevolent Taskmaster. Our 10-year-old son came home from school late one day and explained casually, "I have to stay after school every day this week."

Thinking he must have done something pretty bad, I asked, "What happened?"

"Oh, I didn't get my work in on time."

Relieved, but still wondering, I said, "I've heard your teacher is pretty strict."

He shrugged. "She isn't so bad."

"Then you like her a little?"

His eyes twinkled as he replied, "Yeah! She's got a lot of laughs to her."

Silently, I blessed an understanding teacher who could punish so a lesson was learned, but still leave a young heart laughing.—Mrs. Glennon Bass, Monett, Mo.

Verdict Overruled. I know a young polio victim who, when first afflicted, was told he would never walk again. But he did! Little by little, with the aid of crutches and braces, he developed amazing control over his twisted body. People who knew the doctors' verdict asked his mother how the miracle happened. She replied, "The doctors told him he would never walk again, but God never did—and God is the only one who knows."—Lena Anken Sexton, Inkom, Idaho.

Calls of Kindness. While vacationing last Summer, I visited my married sister in Indiana. At dinnertime she went to the door to call her three children, who were out playing. Instead of hearing their names called individually, I heard three short, low whistles. Later I asked the reason.

"Oh," she said, "whistles aren't nearly as disturbing to the neighbors as shouting their names every night."—Mrs. D.J., Lynchburg, Va.

A Full Life Is Never Spent. My husband and I came home recently after visiting our daughter and her family, and we were both aware more

than ever of the loneliness of our house now that the children were gone. Feeling outdated and useless, we entered the dining room. There on the table was a platter of food and a note, "Grab a bite and come on over—there's a pot of coffee waiting."

It was from our neighbors. After driving all day, the food was welcome and their thoughtfulness even more so. It made us realize that there are still many things old folks can do to make life more pleasant for others if we just quit feeling sorry for ourselves and look around.—Mrs. P.R., Houston, Tex.
