

**SPECIAL EXHIBIT**—One of the features of the 1958 Medford Home Show is the Mayflower "Moverama," an exhibit of the most modern scientific developments in materials and methods for packing, shipping and storing all types of goods. The third annual Medford Home Show opens Thursday at the new National Guard Armory, and runs through, Sunday, May 18.

**WAL Employees Ask Intervention in Strike**

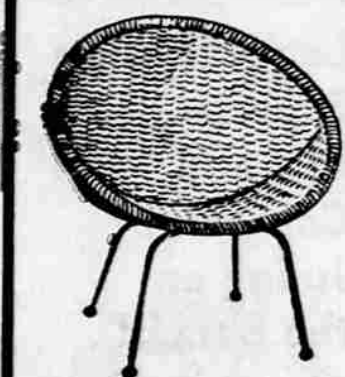

Los Angeles—Some 800 Western Air Lines employees have been laid off since almost the beginning of the 93-day pilots' strike, today asked President Eisenhower to end the strike.

The employees, part of the 1,100 stewardesses, flight engineers, ground crewmen and clerks furloughed since Feb. 21, signed a petition which was presented to the National Mediation Board Tuesday.

**Educational Exhibit Scheduled at Show**

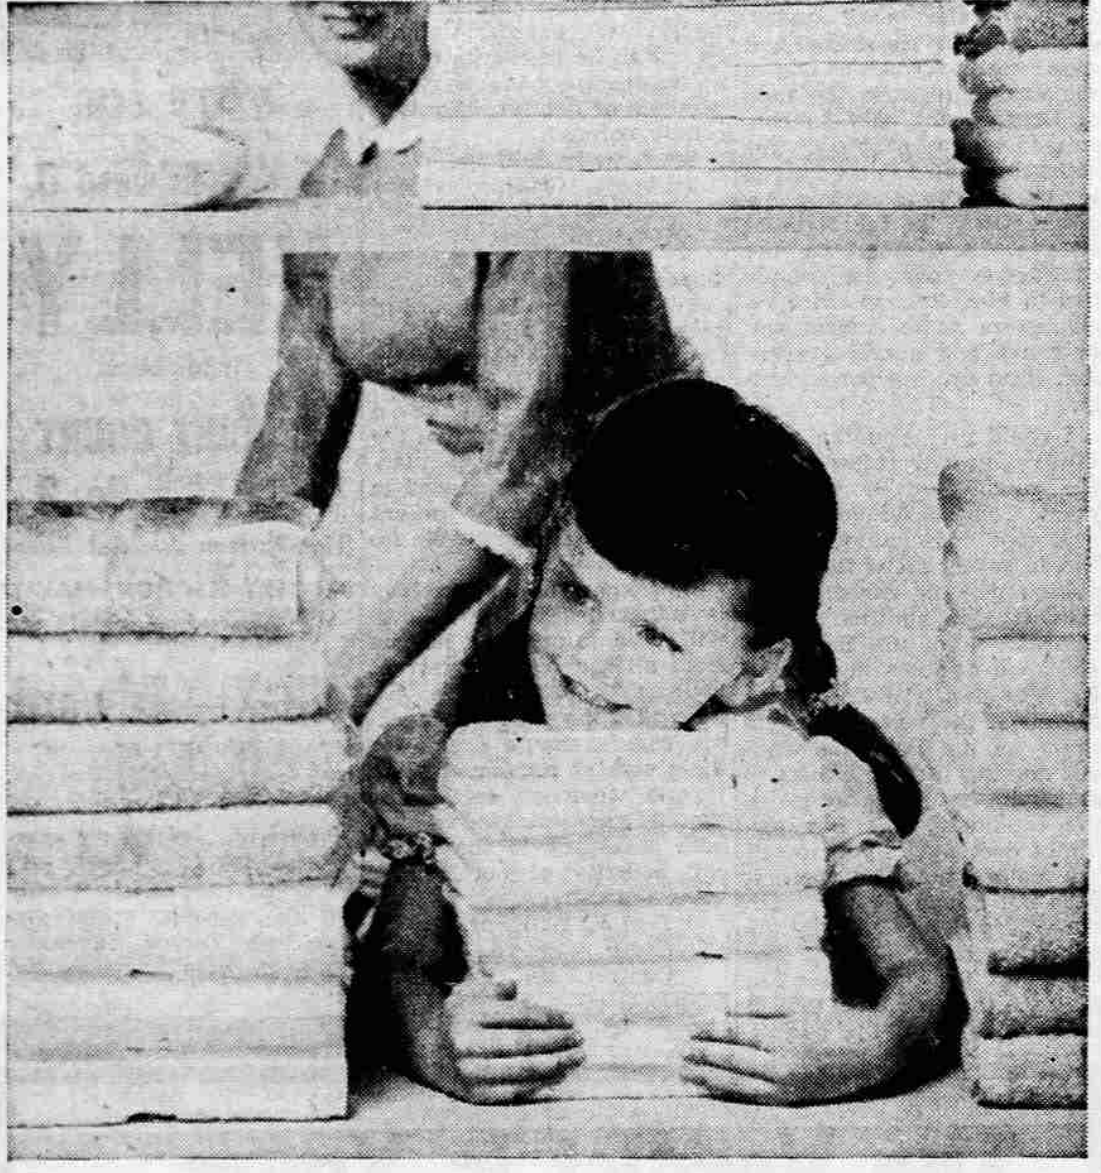

An educational exhibit, which by year's end will have shown modern furniture moving materials and techniques to thousands of persons from coast to coast, will appear here starting Thursday.

The exhibit is the Mayflower Moverama, which is built in one of the latest-type

**For the Sweetness you Remember! WHITE KING SOAP**

Remember the soft, sweet fragrance of your mother's linen cupboard? The heaping piles of fresh-smelling, downy-soft towels. The cool, crisp stacks of snowy white sheets. To produce such wonders your mother used real soap. Probably White King Soap. Nothing else could make her wash so deep-clean...so light, bright and fragrant. Real soap can do the same for you. Even take clothes dull and stiffened by years of laundering in other products and restore their freshness. Next washday, try White King Soap. Make that sweetness you remember—yours!

**IF THERE'S A BABY IN YOUR HOUSE**  
It's especially important to wash all of baby's things in White King Soap. White King keeps everything that touches his tender skin soft, safe, free from the irritants that lead to diaper rash and chafing. Kind to delicate colors, too.

—Even in hardest water  
You're just 2 steps away from a better washday!

Step 1 WHITE KING WATER SOFTENER CONDITIONER  
Step 2 WHITE KING SOAP

**California Rain Said Polluted By Radioactivity**

San Francisco — The light rain that fell on northern California Sunday was contaminated with radioactive fallout, apparently from the recent H-bomb tests in the Pacific.

The State Public Health Department reported that samples of rain water analyzed at Berkeley showed a radioactive count 7.8 times above the level set by the state as a safe for drinking water.

The Fresno County Health Department reported that a "measurable" amount of radioactivity was noted in that county.

**No Cause for Alarm**  
However, authorities said there was no cause for alarm, as a person would have to drink the water all of his life for it to have any serious effect.

They pointed out that in March, after the last Russian nuclear bombs were tested, northern California's heavy rainfalls contained radioactivity that at one time reached 208 times the safe drinking standard.

The latest series of nuclear tests was started at Eniwetok April 28. One atomic weapon was fired May 11 and another blast was touched off May 12, according to the Atomic Energy Commission.

**Decorating Trend**

Chicago — The newest trend in interior decorating, is to use antique accessories to accent a contemporary setting, say furnishings experts.

The antique accessory can be anything from a very old ashtray, to an end table. The use of antiques with contemporary furnishings, she says, is to provide the room with a focal point—and bring a bit of the old world in with the new.

Injections of a cow's udder with disease-producing bacteria and virus, as well as substances producing hay fever and other allergic symptoms, stimulate the production of antibodies in the cow's milk, the drinking of which serves in the manner of a multiple vaccine.

The type of tight clothing worn by Europeans and Americans for the last several centuries may be responsible for an increased number of gene mutations, resulting in defective children, Swedish scientists believe.

**Ullman Names Two To Air Force Academy**

Pendleton — Rep. Al Ullman (D-Ore.) announced the appointments today of two eastern Oregon high school seniors to the U. S. Air Force academy near Denver.

Chosen were C. Larry Moore, Huntington, Baker county, and Douglas S. Lieutallen, Milton-Freewater, Umatilla county.

Ullman also announced the appointment of Riley Lee Allen of Bend as alternate.
