

Denial Given On Monopoly Charge Against UP, INS

Washington — (UPI) — Lyle C. Wilson, vice president and Washington manager of United Press International has denied a senator's charge that consolidation of two major wire services could confront small newspapers and radio stations with "an absolute monopoly" of national news.

In a letter to Sen. Estes Kefauver (D-Tenn.), Wilson said Kefauver's statements of the competitive situation in the press association field were "inaccurate and misleading."

Wilson said creation of United Press International would intensify rather than reduce competition in the press association field because it now "challenges a strong competitor (Associated Press) with physical facilities and human resources which are more nearly equal than ever before."

Addressed Senate
Kefauver, chairman of the senate anti-monopoly subcommittee, criticized the consolidation of United Press and International News Service into the new United Press International. He did so in a senate speech Tuesday and in a letter to Victor A. Hansen, assistant attorney general in charge of the Justice department's anti-trust division.

Kefauver urged Hansen to "seriously consider" seeking a preliminary court injunction against the consolidation.

Attorney General William F. Rogers said he expected a decision within a few days as to whether the department would act in the matter.

Tons of Silver Found in Cache

Houston, Tex. — (UPI) — Eight tons of silver dollars have been found in a basement cache of a late millionaire who liked to play policeman in a radio-equipped Cadillac.

The cache belonged to James M. (Silver Dollar Jim) West, who died Dec. 18. Its exact value was not revealed, but it was believed to be around \$270,000.

West, who liked to hand out silver dollars to friends and acquaintances, spent most of his spare time riding around with law enforcement officers. He maintained a fleet of radio-equipped Cadillacs in which he patrolled Houston streets at night.

The Houston Press said persons knowing about the cache reported it was discovered Friday but did not make the disclosure until Tuesday.

The Press said the dollars were transferred to a bank in armored cars and tellers worked over the week end trying to stack the coins.

Three Pilots Die In Jet Collision

Clovis, N. M. — (UPI) — Three Air Force pilots were killed Tuesday when two jets collided as both approached Cannon Air Force base for landings.

One jet was attempting an emergency landing because of radio failure. Both planes were approaching under visual flight rules.

They collided at low altitude, and fell to the ground almost as one piece of wreckage, and burned.

Air Force officials identified the victims as Capt. William R. Gilmore, 30, of Interlaken, N.Y., 1st Lt. Leslie T. Ikeda, 28, of Honolulu, Hawaii, and 1st Lt. William B. Jarman, 24, a 1956 U.S. Military academy graduate from North Arlington, Va.

Trust Foundation Set By Murderer

Chicago — (UPI) — Attorneys for paroled thrill killer Nathan Leopold have incorporated a trust foundation, to be financed by proceeds from Leopold's autobiography, to help delinquent and retarded children.

Elmer Gertz, an attorney for Leopold, said Tuesday night the Leopold foundation was incorporated April 18 in the secretary of state's office in Springfield, Ill.

Leopold, now working as a hospital technician at a Castaner, Puerto Rico, religious mission, signed as an incorporator and director of the foundation at Castaner, Gertz said.
