Pension Bill Gets Ike's Signature

The long-delayed bill to increase pensions to Spanish-American War widows was passed last week by the U. S. Senate, and after referral to a joint Senate-House conference for approval, was signed by President Eisenhower May 23.

Under provisions of the bill, pension rates for widows who qualify for the payment will go from \$34.18 to \$65 per month. If the widow was married to the veteran during the period of his service, her pension will increase to \$75 a month. The bill also includes appropriate increases for children.

The Veterans Administration reports the average age of Spanish-American war widows is more than 70 years, and that approximately 84,000 are currently on the VA rolls.

In addition to Spanish-American war veterans, the bill provides payment increases for widows of the Boxer Rebellion, the Philippine Insurrection, the Civil, Indian and Mexican wars, and for the first time includes widows of Confederate veterans. There are approximately 4,000 Union Civil war widows currently on the VA rolls, and another 1,000 Confederate widows will now be eligible for pensions.

Federal Court Jury Reverses Decision

Portland—(UPI)—A federal court jury here apparently reversed itself late Friday after bringing in a verdict of guilty in the mail fraud trial of Clarence Peddicord and six co-defendants.

The panel of six men and six women returned verdicts of "guilty" Friday afternoon convicting all seven of either mail fraud or conspiracy to commit the fraud. But hours later the jurors were apparently deadlocked on the question of guilt or innocence of all the defendants.

The unusual courtroom action began after the jury had been out for 27 hours. U.S. Judge William East had questioned the panel twice and asked the jurors if the verdict was unanimous.

They replied twice in the affirmative, East said. Then the judge ordered the jurors to reconsider their verdict against one of the seven accused and the panel later requested, and received, verdict forms for all the defendants. Inasmuch as Judge East had not formally accepted the earlier verdict, the jury could still change its verdict, court officials said.
