

### Local Student Is Finalist for Award

John Frederick Hansen, 17, a graduating senior at Medford High school, has been selected as one of a score of finalists in competition for a four-year college scholarship provided through West Coast Airlines in the field of aero-engineering or aviation-related sciences. He is the son of Mr. and Mrs. Harry Hansen, route 3.

The \$6,000 scholarship to the college of the student's choice is being awarded by the Fairchild Engine and Airplane company of Hagerstown, Md., manufacturers of the Fairchild F-27 propjet transports which West Coast will be first to fly late this year. Competition for the scholarship was limited to 1958 graduating seniors in each school in the 44 cities presently served by the airline and listed as a regularly-scheduled stop.

John was an outstanding math student at the local high school, and rated high in citizenship. He entered high school here in his sophomore year, transferring from James Lick High school, San Jose, Calif.

### State Hopes For Low Traffic Toll

Salem —(UPI)— If Oregon can go through the remaining hours of May without a traffic death, despite the expected heavy holiday traffic, the state will turn in the lowest monthly death count in 32 months.

Twenty May deaths had been reported in traffic as of Thursday morning. The last time the state recorded only 20 deaths in a month was in April, 1955.

State traffic safety officials were keeping their fingers crossed, hoping that drivers will exercise common sense during the holiday.

During the first quarter of 1958 more than seven people per day were so seriously injured in Oregon traffic crashes that they had to be carried from the scene, the Department of Motor Vehicles said.

### Portland Man Seeks To Locate Relative

James L. Yokum, 6026 SE King rd., Portland, wrote the Mail Tribune for help in locating his step-daughter, whose name was Alta Pickett before he lost contact with her.

Yokum thinks his step-daughter may be living in the Medford area. He wants to remember her in his will, he explained.
